MEMORANDUM FOR MR. J. EDGAR HOOVER, DIRECTOR,
FEDERAL BUREAU OF INVESTIGATION

E. A. TAMM

Re: Premature Destruction of Best Evidence

The record in the Cassius McDonald case discloses that a substantial amount of the ransom money paid over in the Bremer kidnapping was found by your agents in a bank in Havana, Cuba.

This money itself would have been the best evidence had it been available at the trial. It had, however, been destroyed because of the apparent failure of the persons concerned to realize that the bills themselves were the best evidence to connect McDonald with the crime of which he was charged.

The Department has been subjected to much criticism for willfully destroying such best evidence. The attorneys and relatives of McDonald contend that since an individual who willfully destroys or suppresses the best evidence of a fact will not be permitted to introduce secondary evidence thereof, the Government likewise should not be permitted to introduce secondary evidence where it has destroyed the best evidence.

It is true that the courts sustained the conviction of McDonald and overruled the objections to the admissibility of evidence. The fact remains, however, that officers of the Government permitted the destruction of material evidence before the trial of an important criminal case in which the same would have been most useful. I appreciate the necessity of preventing ransom money from being returned to circulation, but I believe the destruction of such money should not take place until after it has served its purpose as evidence.

I suggest that instructions should be given your agents that in the future ransom money or other papers or documents shall not be destroyed until after the termination of all criminal proceedings in which the same may be necessary or proper evidence. I would be pleased to get your reactions to this suggestion.

Assistant Attorney General

MEMORANDUM FOR THE DIRECTOR

Re: Bremer Case.

0
E. A. TAMMMAY 14 1936
100-33

With reference to Brien McMahon's memorandum of July 23, 1937, criticizing Bureau Agents for their alleged destruction of the ransom money in the above entitled matter found in Cuba, the following information is reflected in the files of this case:

Special Agent R. D. Brown located at the Federal Reserve Bank of Atlanta, Georgia, Havana, Cuba, Branch, \$1065 in \$5.00 bills and \$270 in \$10.00 bills, all of which were Bremer ransom money. During the latter part of January and the first part of February, 1935, Special Agent S. K. McKee located at the National City Bank in Havana, Cuba, \$2790 in \$10 bills. He was likewise able to locate \$10,000 in \$10 bills in the possession of the Cuban Treasurer. These monies were then brought to the National City Bank in Havana, which assumed control over them, said monies having been received by the Cuban Treasurer originally from the National City Bank.

There is a memorandum in the file which I addressed to you under date of May 10, 1935 advising of a telephonic conversation which I had with former SAC Alt at Jacksonville, in which he informed that Agent McKee at Havana had advised him, Alt, that approximately \$13,000 in Bremer ransom money was then being held by the National City Bank in Havana. A portion of this memorandum is quoted as follows: "He said that while this bank cannot hold this money indefinitely, they will, as a matter of cooperation, hold it as long as we want them to. McKee said there is a rule of the Federal Reserve System which states that if money is taken out of circulation, it will cost \$1.00 per thousand dollars to send it in for mutilation. The bank believes that this \$13.00 should be paid by the Bureau. I told Mr. Alt to instruct McKee to pay this amount and put in a blue slip for it."

Agent McKee submitted a report dated at Jacksonville, Florida, May 23, 1935, in this case, on page 14 of which he states: "Mr. Dawson (J. F. Dawson, Submanager, National City Bank of New York) stated that the Federal Reserve Board has a rule to the effect that it cannot exchange one kind of currency for another without the payment of \$1.00 per thousand on the exchange. Inasmuch as the National City Bank is holding approximately

"\$13,000 in ransom bills, it was felt that it would be the desire of the Bureau to have this money withdrawn from circulation and turned over to the Federal Reserve Board, the same to be forwarded to the Treasury Department in Washington for mutilation, in order to avoid needless investigative activity which would have ^{been} the natural result of the return of this money to circulation. Mr. Dawson was of the opinion that this expense was not one which should properly be borne by the bank, and inasmuch as the Bureau was the one for whom the mutilation was to be done, the Bureau should pay the expense of the exchange."

Agent McKee, at the time of conferring with SAC Alt relative to the securing of the signed statements, also informed Mr. Alt of the situation relative to the removal of this currency from circulation, and asked to be advised as to the Bureau's desires in the matter. Under date of May 10, 1935, SAC Alt advised that the Bureau had authorized the payment of the \$13.00 to the National City Bank. This payment was made, the money was turned over to the Federal Reserve Bank at Havana, and H. G. Frazer, Manager of the Federal Reserve Bank, advised that the money would be forwarded to Washington for mutilation on May 17, 1935. Agent McKee submitted a blue slip dated at Havana, Cuba, May 13, 1935, in the sum of \$13.00, explaining that this money was spent for exchanging Bremer ransom money for other money. He states "Authority for payment was received from Bureau by telephone".

I have ascertained from Agents McKee, Alt and Brown, who participated in this situation, that it was not discussed with any representative of the Department or United States Attorney's Office. My present recollection of this incident is very vague, but at the time I discussed the matter with Mr. Alt and authorized the payment of this money to take the ransom money out of circulation, it was my impression that the money was merely being removed from circulation and would be transmitted to the Treasury Department for perforation to make impossible re-circulation of the money. I was wrong in this impression, but I did authorize, actually if unknowingly, the primary steps which resulted in the destruction of this money, and I feel that the reprimand for the destruction of this original evidence should accrue to me rather than to the men in the field, who called the Bureau by telephone for instructions in a situation which was outlined and who abided by the Bureau's instructions.

Respectfully,

R
E. A. TAMM.

Dear Mr. Tamm:

The Bureau is in receipt of the report of the physical examination which was afforded you by the United States Public Health Service at Washington, D. C., on August 16, 1937. This report reflects the following defects:

Slightly overweight
First degree flat foot (No impairment of function)
Second right finger flexion deformity due to scar

The Board of Examining Physicians recommends reduction in weight, vaccination for smallpox, and inoculation for typhoid. The Board reports that you are capable of performing strenuous physical exertion and that you have no defects which would interfere with your use of firearms.

In the event you desire to secure the vaccination and inoculation treatments, I shall be glad to make arrangements with the United States Public Health Service so that such treatment be afforded you.

Dear Ed:

Now that the conventions are over and we have returned to some degree of normalcy, I wish to take this opportunity of personally expressing my appreciation to you for the manner in which you took hold of the project of making the program and entertainment for the 23rd Annual Convention of the International Association for Identification a real success. I well realize the handicaps under which you worked and the long hours which you put in outlining the program prior to the convention, and then your untiring service during the convention.

I have received many fine comments from various visitors expressing their appreciation for what you personally did for them, and from the bottom of my heart I want you to know that I am sincerely thankful for your interest and indefatigable devotion to duty.

With best wishes and kind regards,

Sincerely yours,

I want you to know how agreeably surprised I was with the luncheon which you arranged yesterday at the Mayflower Hotel for the members of the International World Police.

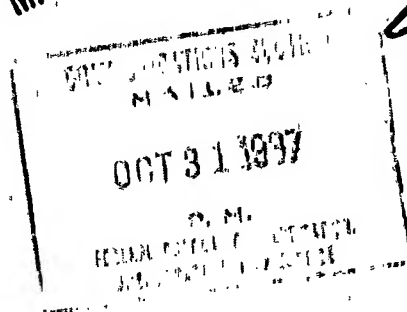

I have never seen the Italian Gardens appear more attractive and the food was everything that could be expected. I do want to thank you for your untiring efforts and helpful assistance in this respect.

Under separate cover I am sending you a set of the photographs which were taken during the visit of the delegates.

MEMORANDUM FOR MR. TAMM

I wanted to call to your attention the situation involving Charles Henry O'Dell, who was the subject of an investigation on the part of Special Agents of the Bureau several years ago, in connection with the preparation of spurious credential cards and motor vehicle licenses.

If you will refer to the file on this case, you will note that a memorandum was prepared by you on May 18, 1935, enclosing a memorandum in this matter, which was made the subject of a Departmental press release dated May 18, 1935. In the memorandum and in the press release, a definite statement was made that O'Dell printed spurious credential cards and automobile drivers licenses. This case was not followed through by the Investigative Divisions or by the Washington Field Division, with the consequent result that no complaint or indictment was ever issued in the case.

Recently O'Dell was released from Leavenworth Penitentiary, and he is contemplating libel suits against a number of newspapers and newspaper syndicates. Naturally, these newspaper representatives have communicated with the Bureau, since their stories were predicated upon a Departmental release.

I want to express my extreme displeasure at the manner in which this entire case was handled under your supervision.

Very truly yours,

67-13585-236

Edgar Hoover,
Director.

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

Dear Ed:

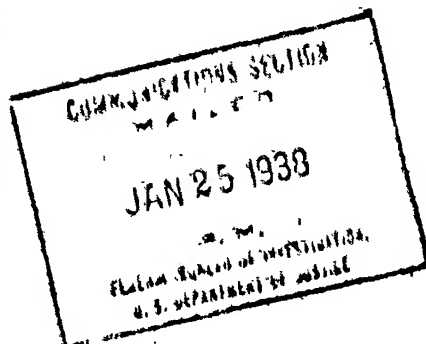

I do want to thank you so much for having pinch-hit for me last Thursday on the broadcast for the General Federation of Women's Clubs. I have heard from many sources that you did a grand job. In fact, in New York I met a very charming young lady last Sunday evening, who stated to me when I was introduced to her, that my radio voice was far more charming than my actual voice. I asked her what she meant and she stated she heard me speak on Thursday afternoon. Frankly, I did not disillusion her by telling her that it was not I who made the broadcast. So you see how well you went over.

I do greatly appreciate your helpfulness and assistance in this matter.

With best regards,

Sincerely,

I have received your very kind letter of January 21, 1938, and assure you that my heart tingles with warmth at the kind comments which you made concerning my broadcast on January 20th. Your kindness and courtesy in writing to me are typical and indicative of the fineness of your nature which we in the FBI have come to love.

Frankly, I hope the broadcast was one-tenth as forceful as I tried to make it, for my assignment to pinch-hit for the Director is a Herculean task. In fact my feeling on this occasion I am sure was very similar to the sensation which my two-year old son experiences when he tries to navigate in his father's riding boots.

I hope that I will have the pleasure of seeing you in the near future and perhaps breaking bread with you.

Sincerely yours,

My dear Eddie:

Driving over the roads in our area yesterday with Johnny Tierney (whom you met when he was my companion at the IAI Convention in Washington) we casually turned on the car radio an action which resulted in as pleasant a half hour of listening as we mutually have ever enjoyed.

You were on the air as representative for the Director, and I tender you our compliments on a masterful job. The broadcast was perfect in every respect -- the substance of the address compelling (as the Director's speeches always are) and your delivery clear-cut and forceful. Believe me when I say it is my opinion the message of the FBI lost none of its effectiveness through your role as spokesman; and the Director's reputation for possessing the ability to pick the right man for the job remains unsullied by his action in this instance.

With every good wish and regard, I remain

With reference to the memorandum requesting that I submit an explanation concerning my absence from the Monthly Conference of Bureau officials and supervisors on January 28, 1938, you were advised that an interview conducted by me in my office with a complainant in a Bureau case which was begun at approximately 6:25 P. M. on January 28, 1938, did not conclude until 8 P. M. I then proceeded to dinner, returning to my office at approximately 8:30 P. M., at which time a person from outside the Bureau was waiting to see me concerning an official matter. This interview lasted until approximately 9:40 P. M. I then proceeded to the Supervisors' Conference, but was called out of the conference within a few minutes by a long distance telephone call. You have been advised personally of the identity of the various persons referred to in this memorandum.

Dear Mr. Hoover:

While it was a source of deep regret that we had to forego the pleasure of hearing you on the "Education for Living" broadcast on January 20, when we discussed "CRIME PREVENTION AND PAROLE", we did greatly appreciate the splendid talk that you prepared and for which we have had many requests. I listened in with great interest, and think your assistant, Mr. Edward A. K. Tamm, made a splendid pinch hitter and did the subject credit. You may be interested and would like to pass on to him the following, which we received from Miss Margaret Cuthbert, Director of Women's Activities, of the National Broadcasting Company, following the broadcast:

"I didn't mind Mr. Hoover not being on the program, particularly as it was so dramatic. His assistant did a good job and the news in the paper the next day told the whole story, all of which goes to show we are dealing in world happenings."

Of course, Miss Cuthbert regretted, as did we, your absence, but the mission you were on filled such a dramatic place that it was still news the next day.

MEMORANDUM FOR MR. TAMM

Reference is made to your memorandum of February 4, 1938, recommending that consideration be given to establishing a retraining course for graduates of the FBI National Police Academy, such course to begin within a year or so.

In this connection you are advised that the present program of the National Police Academy calls for certain retraining work which will be held immediately preceding and coincident with one of the graduation exercises and the annual reunion of the FBI National Police Academy Associates. During the current year for one week immediately preceding the annual reunion there will be a retraining course provided with primary emphasis being placed on teaching and instruction methods. The emphasis on this phase of the school's work appears advisable in view of the fact that the first two sessions of the Academy did not include detailed courses of training as to instruction methods.

In view of your suggestion I thought you would be interested in learning of this development which is along similar lines to your suggestion and which of course will be expanded if necessity arises in the future.

Very truly yours,

John Edgar Hoover,

MEMORANDUM FOR THE DIRECTOR

I believe it would be well to give consideration to the establishment at some future date of a retraining course in connection with the FBI National Police Academy. I believe it would be a year or so before we should attempt to place this retraining schedule in effect, but believe that it has possibilities for keeping alive the excellent contacts which the police academy is establishing and would further afford the Bureau an opportunity of looking over the various individuals who have been in the police academy with the idea in mind of evaluating the possibilities of our police academy graduates to spot individuals who might be recommended for prominent positions in municipal police organizations. I feel that we would, of course, have to have a curriculum which included material not given in the police academy and, accordingly, believe that some type of file should be inaugurated in which can be recorded the progress and advances and new developments in the Identification Division, Technical Laboratory, Single Fingerprint Section, Modus Operandi Files, Investigative procedure, Training Division, etc., in order that we will have a foundation for a retraining course when it appears desirable to place it in operation.

MEMORANDUM FOR THE DIRECTOR

I have observed in connection with several of the inspection reports submitted by Inspectors indicating that a particular case had been delinquent in a field office for many months and had not been followed up by a Bureau Supervisor that in several of these cases the Inspectors failed to point out that the delinquent case was never carried on the field office administrative report as being delinquent and that the Bureau had no record of the case as being pending in a particular field office. For this reason, I believe it would be well for the Inspectors, when commenting upon cases of this kind, to check the administrative reports in the office being inspected for the purpose of ascertaining whether a particular case was carried as delinquent.

This suggestion is made in view of the fact that the Inspectors, in failing to check the administrative reports and determine that the case was not carried as delinquent, are overlooking an administrative error in the operation of an office.

Respectfully,

I desire to emphatically deny on any occasion informing Mr. E. K. Thompson that Turrou had been reprimanded for getting his picture in the newspaper. My daily register of persons interviewed in my office shows, however, that Mr. Thompson was in my office on Friday, June 10, 1938. While I do not know the exact time at which Thompson was in my office, it is my recollection that it was shortly prior to my going to dinner on this occasion, and the Bureau records disclose that I talked to Mr. Vetterli at approximately 7 P. M. on June 10th concerning this same situation. It is my belief that Thompson was in my office at the time that the call to Mr. Vetterli was completed, it being noted that the call had been placed early in the afternoon at which time Mr. Vetterli was out of the office.

Mr. James Roy Calhoun,

Dear Mr. Calhoun:

Your kind letter of July 13, 1938, was forwarded to me at Chicago where I happen to be for a few days on business. It was most kind of you to advise me of the statements which Agent Ramsey had made and of course I sincerely regret, as do all of the men in the service, his sad and untimely death. I do wish, however, that he had made those comments to me during the period of his lifetime in order that I could advise him as to my comments upon his views. I feel that I, like many other men in the Bureau, am only trying to do in a feeble way what the Director does in magnificent fashion each and every hour of his all too busy career. Those of us, who have achieved any degree of success in the Bureau's work I feel owe their success in its entirety to the standard which is set by the Director in his personal performance of the duties which are imposed upon him. I frankly believe that most of us are following in the footsteps of one who is much greater than any of us and consequently it is always my belief that the credit for not only the Bureau's accomplishments, but for the proper development of the Bureau's personnel is due solely to the Director.

With sincere personal regards, I am

Very truly yours,

E. A. Tamm

Dear Mr. Jamm:

When I was in retraining last March in Washington one of the Agents in my class was William Ramsey. Since his untimely death on May 2nd I have thought often of our being thrown together and particularly of a statement he made concerning you. Too often one hears kindly words concerning himself only from those who have an axe to grind, but since Bill Ramsey gave it freely, I am passing it on to you. As nearly as I can recall, this was it:

"We have a few good men in the Bureau, and one of the best is Ed Jamm. If one calls him on an emergency, it seems that he knows all about the case already, or he learns right away what it is about, and he then tells you what to do without hemming and hawing. And you can depend upon it, if you do as he says, you are O.K. and there is no buck passing. We've lost some good men in the Bureau, but I hope that E. E. Jamm stays around a long, long time."

To the right of this, there is a large, dark, circular scribble that obscures some of the text. Below the scribble, the word "Piano" is written in a cursive, handwritten style. To the right of "Piano", the word "Waltz" is written in a similar cursive style. Further to the right, the name "John" is written in a cursive style. On the far right side of the page, there are several horizontal lines, some of which are marked with checkmarks or similar symbols, possibly indicating a list or a set of instructions.

MEMORANDUM FOR THE DIRECTOR

While in Des Moines on Saturday, September 17th, I conversed with SAC Coulter concerning some work performed in the New York office this summer while Assistant Director Tamm was conducting his inspection. Coulter stated that on one of the hottest days in the entire summer the New York office secured some very confidential information from police department records which required immediate photostating and return to the Police Department. No Special Agent who understood the operation of the photostating machine was available in the New York office, and Mr. Tamm immediately jumped in and did the job himself and also instructed Coulter how to operate the machine.

SAC Coulter told me that it was so hot it was almost impossible to breathe and he was very much impressed by an Assistant Director of the Bureau jumping in and personally doing the job which under ordinary circumstances should have been delegated to a subordinate.

MEMORANDUM FOR MR. E. A. TAMM
MR. J. S. EGAN

The inspection report prepared by you on the Chicago office has been reviewed and has been found in splendid form. I want to express my appreciation because of this fact.

As a suggestion, it will be agreeable in the future, where you observe that conditions under any particular heading are entirely satisfactory and need no special comment, for you to omit such topic from the form of the report, thereby making it somewhat briefer. However, you should not hesitate to set forth the facts and your conclusions concerning any item on which you believe comment is essential.

The Bureau observes your recommendation that an Assistant Special Agent in Charge be assigned full time to the Chicago office. As you are aware, of course, this recommendation has been approved but there were not set forth in this report, other than generalities and a few inferences, sufficient facts on which you base this particular recommendation. It is suggested that, when making similar recommendations in the future, you set forth supporting facts especially prepared for the purpose of substantiating any recommendations of this type.

Very truly yours,

Dear Sir:

Det
For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund and who may lose his life by violence in line of official duty, I am forwarding herewith (by CHECK --~~MONEY ORDER~~) the sum of ten dollars (\$10), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. In the event of a finding that the death was by violence in line of official duty, appropriate instructions will be issued to the Chief Clerk, directing him to pay to the designated beneficiary the full amount of said fund as of the date of death.

The following person is hereby designated as my beneficiary:

MEMORANDUM FOR THE FILE

Mr. Dawkins, of the Navy Yard, called and advised me that they had been holding a new commission for me for over a month and requested that I come and claim it. I told Dawkins that I would try to do this within the next few days.

I told Dawkins, upon being advised that the Navy Department is not in favor of his, Dawkins', holding the commissions for too long a period, that an administrative problem in connection with some of our reserve officers is pending the decision of Admiral Holmes, Commander Nixon, and the other officers of the Office of Naval Intelligence. I explained that this was the reason for my delay in calling for my new commission.

Dear John:

I appreciate very much indeed the comprehensive report set forth in your letter of November 29, 1938, augmented with actual photographs depicting the activities of the Bureau's young Lochinvar, Mr. Edward A. Tamm. After looking at the two views I am confident that you were correct in your deductions, for the photograph portraying the faint smile on Mr. Tamm's face does more or less convey the thought that he has, as you point out, reconciled himself to the fact that Mrs. Tamm was very happy to be photographed with Clark Gable.

Mr. Tamm did advise me of your visit with Mrs. Ida Koverman and I am quite confident that there is a lot of truth to what she says. I feel sure that if I could again visit California for a few days many of my present worries would be alleviated.

I have been guided by your desires and have not shown the photographs to Mr. Tamm. However, I am inclined to believe that The Investigator would be very glad to receive at least one of these photographs to run in a future issue of that publication.

With best wishes and kind regards, 67-15585-256

MEMORANDUM FOR THE DIRECTOR

With reference to the attached letter from SAC Newman, dated October 17, 1938, in which I am quoted as having said that if I had been in Washington a particular Bureau letter would not have been written, you are advised that I have no recollection of having made such a statement and from a review of the letter in question which is marked in the attached file, I am confident that I did not make such a statement with reference to this particular letter.

The letter points out logically additional investigation which should be made and instructs the Chicago Office to reopen the case and to conduct additional investigation. I don't know how any Agent could take any exception to this letter.

~~PERSONAL & CONFIDENTIAL~~

Dear Sir:

Reference is made to Bureau letter dated September 20, 1938 relating to the inspection of this office by Inspector J. J. TRACY, during which at a conference of the Agents Special Agent KENNETH LOGAN offered a criticism regarding a letter which had been received at the Chicago Office while he was recently assigned there.

Reference is also made to my letter dated October 8, 1938 wherein I stated that as soon as Special Agent LOGAN returned to the Salt Lake City Field Division I would endeavor to secure the desired information from him. Special Agent LOGAN has advised me with reference to the aforementioned remark that the criticism which he offered at the conference was made purely in a constructive manner and at the request of Inspector TRACY to have an open and frank conference pertaining to such matters.

Agent LOGAN has advised me that the instance he had in mind pertained to an extortion case handled by the Chicago Office wherein the Victim's name was POUL SOMMER; that said case involved the receipt of an extortion letter by the Victim demanding a very small sum of money and setting forth certain instructions for the pay-off; that the instructions were complied with by Bureau Agents and with the assistance of Chicago Police officers to whom the extortion letter had been originally referred; however, no attempt was made by the sender of the extortion letter to collect the requested sum of money. The pay-off spot in this particular instance was designated by the sender of the letter at a drug store a few blocks from the place of business of the Victim. Agent LOGAN has advised that the original investigation in this case was conducted by an Agent other than himself and that the investigation at that time appeared to be complete. He further states that after the receipt of the first letter the Victim had not received any further threats or communications of any kind, and in view of the fact that there were no outstanding leads the case had been closed by the Chicago Office.

After the case was closed the Bureau sent rather a sharp letter of criticism to the Chicago Office regarding the closing of this case. Agent LOGAN has advised that he does not remember the exact wording of the Bureau letter nor the reasons they set forth in their criticisms. He further advised that during a discussion of the reopening of the case with Special Agent in Charge D. M. LADD, MR. LADD had remarked that MR. TAMM, who at that time together with MR. EGAN was conducting an inspection of the Chicago Office, had noted the Bureau's letter in the Chicago file and had made the remark "that if he had been in Washington the letter would not have been sent out."

In Hollywood

With Hedda Hopper

Hollywood, Jan. 13.—Too bad "The Great Man Votes" came at the beginning of the year instead of the end because we'd now be voting Jack Barrymore the Academy Award. And in 12 months we're so apt to forget Jack does a magnificent job and so does that new director, Garson Kanin. He's one of the best bits of luck this town's had in the past year. The honesty, sincerity, and simplicity of his direction are things to marvel at.

HEDDA HOPPER

Little Virginia Weidler proves that she can troupe right there with the best, and so does little Peter Holden. And as for that Donald MacBride—why don't we see more of him? For once, Katharine Alexander got a good part. But I resent the habit of giving that sweet person and fine actress, Elizabeth Risdon, nasty women. Some of our nastiest play our sweet parts, and vice versa. There should be a law against it.

And while we're on awards, why not give one to the man or woman who kept the same husband and wife or beau for a year? And find some fitting booby prize for the man and woman who had a different beau every night? I know, I know—it's jealousy on my part. But at least I'm the first to admit it.

With the spy-glasses of the world on Hollywood, we did what we could to keep down the chatter about lavish exchange of costly Christmas presents, the fabulous fur coats, diamond necklaces and star sapphires fit for a Maharajah's headgear. But the very ones who were so anxious to have that glossed over, are the ones who are spending most.

So it wasn't to be wondered at that Louis B. Mayer was photographed receiving his award at the Santa Anita track that you heard—not cheers, but boos. No, there's no reason in the world why he shouldn't have a racing stable. Other rich men have been doing it for years but we're in a spotlight business and attendance has been falling off at the box office. And that goes for those three-day poker games at Palm Springs where \$30,000 changed hands, too.

Hal Roach is having such fun directing "Captain Fury" and going into all the details. But he did run

into a little bustle trouble. He wanted the girls to wear those baby balloons 50 years before they'd ever been invented by the man who harbored a grudge against all women!

Jean Parker has the darndest luck. Just as she got the lead in "Romance of the Redwoods" her temperature went to 101—wisdom tooth trouble. Why, Jean, I didn't know you were old enough to cut 'em!

Phyllis Brooks is partying with a nurse in attendance, principally to see that she doesn't smoke. She won't be allowed a cigarette for six months. She's had a lucky return from tubular pneumonia.

Claudette Colbert's French poodle, "Smokey" didn't like the pigeons on the set, so they were replaced by Chinese chickens with tails ten feet long. Guess Smokey doesn't like foul, 'cause he bit their tails off and it cost the studio \$50.

The mother of a famous character woman is a sweet little old lady who never reads anything but the headlines of the woman's page. She took her two grandchildren to the beach the other day and they were thrilled to death when they saw Johnny Weissmuller giving himself a workout. They raved but she never said a word, until they were on their way home. Finally she burst out with "And so, you seen a baseball player. So what?"

Now that Ralph Wheelright is set as a writer at Metro, Otto Winkler may soon follow suit. When Mr. Tamm, J. Edgar Hoover's right-hand man, was here he gave all the data on the notorious Bentz, master mind behind a great many bank robberies. Which has made a swell yarn. Incidentally, Bentz was a famous collector of first editions—first in everything, including the vaults!

Warners are gathering up all their blow-ups to give the exhibitors their annual laugh. They've got some honeys this time, with Bette Davis and Ann Sheridan leading with those blue notes. Wish all the studios would bunch 'em together—what a short that would make. Good as Disney's "Going Hollywood." The blow-ups prove they've already gone!

Ray Hatton, former co-star with Wally Beery, has been doing lots of those Westerns with Roy Rogers. In the silent days he became so popular with fans throughout the country, that he now gets equal billing. Hollywood forgets—fans remember.

E.A. 0 Reference is made to the memorandum prepared by Mr. Tamm dated January 3, 1939, in which he refers to your memorandum of December 28, 1938, concerning his firearms delinquency. It is noted that Mr. Tamm refers to additional qualifying scores attained by him during the Des Moines Office inspection, which scores do not appear in the Bureau's records. An examination of the Bureau's files reflects that no entry was made for Mr. Tamm on his individual firearms record card in connection with firearms grades submitted by the Des Moines Office in connection with the inspection. Apparently, the grades made by the inspectors were not recorded by the Des Moines Office on the card submitted by that office. However, the Bureau's records have now been amended so that Mr. Tamm has been given credit for qualifying twice in the practical pistol course, once in the .30'06 rifle course, and once with the Thompson submachine gun. These are in addition to the scores previously recorded for Mr. Tamm.

In order to comply fully with the Bureau's firearms qualifying scores, it will be necessary for Mr. Tamm to submit qualifying scores as indicated below before the end of the present firearms training program which began in May 1938 and which concludes with the Second Winter Firearms Training Period:

- 1 score in practical pistol course
- 2 scores in shotgun course
- 2 scores in .351 rifle course
- 1 score in machine gun course.

At the time that this commission was tendered to me, the mobilization plans of the Federal Bureau of Investigation were of such a nature that my services could be released to the Navy Department in the event of war. Under a revision of the FBI organization plans, I have now been advised by the Director, John Edgar Hoover, that previous authorization granted to me indicating my services would be released to the Navy Department in time of war has been countermanded, and in the event of warfare, my services will be demanded by the FBI. For this reason, it is impossible for me to accept the commission of Lieutenant Commander tendered to me. I, of course, regret my inability at this time to accept this commission.

MEMORANDUM FOR THE DIRECTOR

Because of the tendency to continually increase the size of our manuals, I believe we should from time to time make an effort to eliminate from the manuals any items not of sufficient general usage to justify constant maintenance in the manual.

I realize that there are certain manual provisions which could be revoked but are nevertheless desirable in instances in which disciplinary action is necessary, but I believe that the following, if not entirely eliminated from the Manual of Rules and Regulations could be consolidated with other sections in such a manner as to considerably reduce the space devoted to them.

EDWARD TAMM, executive of the U. S. Department of Justice, visited Clark Gable on the set of "Idiot's Delight." The talk turned to the exploits of the G-men and the capture of Dillinger.

"Well," laughed Gable. "I helped capture Dillinger myself. He stayed to see my picture twice."

The picture was "Manhattan Melodrama," which Dillinger was watching when Department of Justice agents caught up with his trail.

MEMORANDUM FOR THE DIRECTOR

E. A. Tamm

For record purposes I desire to advise that on Wednesday, February 1st, Commander Nixon of Naval Intelligence, left at my office the attached list of Bureau personnel at the Seat of Government holding Reserve Officers commissions. Commander Nixon stated that predicated upon inquiries which I had made of him from time to time, he had discussed with Admiral Holmes which Bureau employees would be mobilized for active duty and which Bureau would be allowed to remain in the Bureau service or return to the Bureau after mobilization.

Commander Nixon stated that Naval Intelligence had decided that from the attached list of names it would be desired that Assistant Director C. A. Tolson and myself be mobilized and assigned to active duty at the office of Naval Intelligence. The Navy Department would waive the services of any other persons holding Reserve Commissions as indicated by the attached list and would defer to Mr. Hoover's judgment as to the personnel which he might desire to maintain or retain in the Bureau.

After discussing this matter with you I indicated to Commander Nixon that you considered the services of Mr. Tolson and myself as so essential to the Bureau in time of War that you could not release either Mr. Tolson or myself to the Navy Department but that you would be willing to release any others of the Reserve Officer personnel to the Navy Department in case of a national emergency. Commander Nixon stated that he would talk to Admiral Holmes, and subsequently contacted me and advised that the Navy Department would be willing to informally agree that Mr. Tolson or myself would not be mobilized in time of war but would be released from our Reserve commissions for service in the FBI. On the question of whether any written record of this agreement would be made, Commander Nixon indicated that no written record would be made, and when I inquired as to the efficacy of such an agreement in view of the fact that the present officers of Naval Intelligence would undoubtedly be returned to other duties within a maximum period of three years, Commander Nixon stated that neither Mr. Tolson nor myself would be sent to any mobilization station. I pointed out to Commander Nixon that the Navy Department might leave our names out of the mobilization now, but the next group of officers of Naval Intelligence would include them.

Respectfully,

EDWARD A. TAMM

*No. This is not satisfactory.

MEMORANDUM FOR THE DIRECTOR

E. A. Tamm

With reference to my failure to attend gymnasium yesterday, you are advised that there was a terrific accumulation of work upon my desk yesterday morning and throughout the day as a result of my having been absent from the city for three successive days. In addition I had accumulated a considerable quantity of dictation as a result of my work in New York City. I interviewed during the course of the day United States Senator Smathers at his office in the Senate Office Building, Solicitor General Robert H. Jackson, and Assistant Attorney General James W. Morris in connection with an official investigation. In addition Colonel Gates of the Department called at my office and made inquiries about a half dozen different newspaper stories in which the Department was supposedly interested. I conferred with Special Agent in Charge Reynolds of the Louisville Office and outlined the investigation which was to be conducted of the Municipal Court Judiciary. I conferred with Mr. Balch and Mr. Newby for some time concerning the investigation being conducted into the numbers racket. I conferred with Special Agent in Charge Kitchin concerning the investigation of the alleged bribe paid to Senator Smathers. I made a rather hurried inspection tour through the entire Investigative Division in order to ascertain conditions generally due to my absence from the city for several days. I conferred with clerical employee Stetter concerning the status of his application for appointment to a Special Agent's position. I conferred with Mr. Crowl concerning several matters which he desired to discuss with me. I conferred with Special Agent Bellino, the newest Supervisor assigned to the Investigative Division, concerning various matters pending on his desk. I conferred with Mr. Pennington and Mr. Zimmer concerning various matters which had accumulated during my absence from the city and spent the intervening minutes between the various conferences and other activities outlined in initialing signature mail, telegrams and in long distance telephone calls. The interrupted volume

of this work required until approximately 7:30 P. M. to complete and at 8:10 P. M. I undertook to dictate some of the accumulated dictation in my office and dictated until 9:50 P. Dear Ed:

I did want to tell you how much it meant to me Saturday afternoon to have you at the Convocation Exercises at Georgetown. I, of course, am not unmindful of the role you played and, through it all, I could see your loyalty and friendship.

It is rather difficult for one to express in words his true feeling, and so all that I shall attempt to do is to say "thank you" from the bottom of my heart. I will always treasure the memories of that inspiring service and I deeply appreciate the honor which was conferred upon me.

If a Bureau representative is available for attendance to the classes given according to the attached announcement of the Second National Institute for Traffic Safety Training, I believe we should have someone take these courses.

I believe it is essential that we qualify ourselves to give instruction in all types of police activities, and this course appears to present an opportunity where we might obtain some very valuable information through a properly selected representative.

Dear Ed:-

I thought that the Annual Reunion and Retraining of the FBI National Police Academy Associates was one of the finest functions which the Bureau has ever had.

The successful week, I am confident, is attributed directly to the interest which my associates took in carefully planning every possible detail, and I did want to thank you for the splendid work performed by the transportation committee under your direction. Likewise, I appreciated so much the interest which you took in the work of the other committees.

MEMORANDUM FOR THE DIRECTOR

With reference to the delay in handling the correspondence received from Mrs. Ralph M. Easley, Secretary of the Executive Council, National Civic Federation, copies of which are attached hereto, it is noted that the letters dated November 2, 3 and 8, respectively, were transmitted to me for my attention by Mr. McIntire who noted on the incoming correspondence that he received it on November 13, and that he did not believe he was "well enough acquainted with our policy in connection with this woman to make a reply to her." It was thereafter routed to me by routing slip and stamped into my office at 10:30 A. M. on November 14. The three pieces of correspondence were acknowledged by me on November 16, 1939, as reflected by the notation appearing on the incoming correspondence of November 8, 1939. Although there does not appear to be any notations on the available serials it appears that thereafter the correspondence was returned to me and redictated upon on November 18 and thereafter sent through for approval on November 22, 1939.

MEMORANDUM FOR MR. TOLSON
MR. TAMM (E.A.)
MR. CLEGG

I am attaching hereto an article appearing in today's issue of the Washington Post entitled "Over the Coffee". You will note that in the last two paragraphs of this article it is stated that the book entitled "The Red Network" is used by me in the course for new Agents.

I am particularly outraged at the fact that in the lecture work in the Agents' Training School "The Red Network" has been recommended for reading. This publication has been many times discredited and incorporates in it names of persons listed as dangerous radicals who could not be fairly classed as such.

The reason why I am particularly concerned about this matter is due to the fact that other books have been recommended in training and in the plant protection memorandum which have not been the type of books that we should recommend for use. I have in mind particularly the book by Rowan. It appears to me that the officials charged with the responsibility of supervising and directing this work are not giving it the attention and the supervision which it merits. It is not excuse to say that some subordinate supervisor in the Bureau is the one who has recommended the use of such books and to charge the same to poor judgment upon the part of that supervisor. That, of course, is the fact, but the officials of the Bureau responsible for training and for investigative work are the ones in the final analysis who must bear the responsibility. It appears that there has been no check made of the books that have been recommended to be read in the training courses, and consequently, the officials responsible for this work have not properly performed their duty.

I want Mr. Clegg to understand that it is his responsibility to see that all lectures are not only properly delivered, but that the contents of all of them are reliable and accurate.

I want Mr. Tamm to see that matters which emanate from the Investigative Division in the way of recommending reading or procedure are proper, and accurate and reliable.

This article which appears in the Morning Post is particularly embarrassing, but unfortunately true, and of course I am the one personally who is smeared in this matter. The officials of the Bureau whom I have depended upon to assume the responsibility have failed me in this instance. They do not get the public condemnation and ridicule, but I must bear that.

Another aspect of this whole matter which gives me equal concern is the fact that there must be some "rat" in our Special Agents force who has discussed with persons outside of the Bureau the subjects that are taught in our training schools. Again, it is the duty of Mr. Clegg to impress upon all Special Agents attending our classes the fact that the work of the Bureau is strictly confidential and the instruction likewise.

Very truly yours,

John Edgar Hoover

"OVER THE COFFEE"

By Harlan Miller

When J. Edgar Hoover teaches brave, clean-cut young patriots to be G-Men, in the course on counter-espionage he uses red-haired Mrs. Dilling's famous book, "The Red Network," as a textbook. It's a book that has aroused the scorn of the New Dealers, and few take it seriously.

Officially the book is not regarded as scholarly enough for a text book, but it's tolerated as supplementary reading.

Embryo G-men, however, are taught casually to keep watch (out of the corner of their eye) the ones jittery Mrs. Dilling regards as dangerous radicals, just in case, and with tongue in cheek.

Among those included by the book under the heading are the G-men's (and Edgar Hoover's) boss, Attorney General Murphy - and the First Lady, Mrs. Roosevelt.

ON *7-10-86*

Dear Mr. Tamm:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on March 25, 1940.

This report reflects the following physical defects:

Chronic tonsillitis

Urticaria (allergic - undergoing study)

Contracture third left finger - no disability

Second degree bilateral flat foot - no symptoms

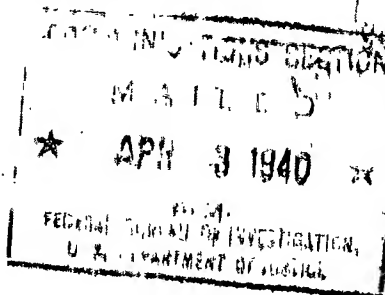

RECORDED
MAY 14 1986

The Board of Examining Physicians recommends that you be vaccinated for smallpox and inoculated for typhoid, and that you continue the allergic study and follow the necessary dietetic restriction. It states that you are capable of performing strenuous physical exertion, and have no defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, it was determined during this examination that your blood is International Type "B".

MEMORANDUM FOR THE DIRECTOR

I have noted recently that on several occasions when we have attempted to select from the avocation records of the Bureau a Special Agent for an assignment necessitating a knowledge of some foreign language, in contacting the Agent by telephone for the purpose of verifying his fluency with the particular language, we almost invariably find that the man disclaims ability to speak the language with the fluency which has been recorded in the avocation record. Some claim that it is due to lapse of time since they utilized the particular tongue. Others apparently were liberal in their estimates of their ability, particularly on their entry into the Bureau's service.

I believe, consequently, it would be well to send a questionnaire of some type to all Agents requesting them to indicate accurately and as of the present time their knowledge of foreign languages in order that these avocation records may be maintained in an up-to-date fashion.

Respectfully,

E. A. TAMM

MEMORANDUM FOR MR. NATHAN

The records of the training division indicate that Mr. E. A. Tamm has not attended gymnasium during the months of November and December, 1939, or during the present calendar year 1940. In accordance with instructions, regular follow-ups of absences have been made during the past several weeks and Mr. Tamm has, along with all other Bureau employees, been informed by memoranda signed by the Director that his absence has been noted. This division has been unable to locate any record of any response by Mr. Tamm to the memoranda addressed to him by the Director calling his attention to his absences.

MEMORANDUM FOR THE DIRECTOR

With reference to the memorandum addressed to me on September 23, 1940, concerning my absence from gymnasium on September 16, 1940, you are advised that official appointments throughout the entire day kept me from attending gymnasium.

A meeting of the inter-Departmental National Defense Sub-Committee was held in my office on the morning of September 16th with Captain Nixon and Colonel Lester in attendance. The meeting did not adjourn until approximately 12:30 P. M. At 1:45 P. M. I attended a conference in the office of Mr. L. M. C. Smith on the question of establishing internment camps for alien enemies, and at 2:30 P. M. attended a conference in Mr. Holtzoff's office upon several pending matters awaiting Departmental decision. At 3:30 P. M. I attended a conference in the office of Mr. Berle at the State Department which was attended by Mr. Winthrop Crane, assistant to Mr. Berle in connection with several matters, including the sending of Agent E. K. Thompson to Colombia. At 4:30 P. M. I kept an appointment which I had made earlier in the day with Mr. Matthew McGuire for the purpose of discussing with him several matters pending in the Bureau.

During the course of the day Mr. O'Donnell of the Criminal Division called at my office in connection with the proposed establishment of a Propaganda Unit. A Mr. Barron Tenner, who represents the Bosch & Lomb Company of Rochester, New York, returned to my office to furnish such data which was not available when he called on me several days previously, this matter having been referred to the Bureau by the office of Secretary Ickes.

Mr. Snoke, Secretary of the National Defense Advisory Committee of the Chamber of Commerce called at my office and was interviewed in connection with a forthcoming

meeting of the Defense Advisory Commission in Washington.

Some time was spent with Mr. Pennington in disposing of "See Mes" which had accumulated over the weekend. Mr. Rosen was absent from the city and consequently considerable of the material which would ordinarily not reach my desk had to be handled.

These appointments, coupled with the routine work of the day, made it impossible to be away from my desk for any hour period for the gymnasium, it being noted that it required approximately 14 hours to complete the work on my desk on this date.

Respectfully,

Rear Admiral Walter S. Anderson
Director
Office of Naval Intelligence
Navy Department
Washington, D. C.

My dear Admiral:

Sometime ago I required those members of my staff whose services I desired to be available to me in the event of war and who held reserve commissions in the Army and Navy to resign those commissions. I took this action because of information furnished to me indicating that the War Department in the preparation of any proposed conscription act would exempt from its application the personnel of the FBI. It now appears, however, that the War Department will not make this exemption but that any conscription statute enacted will require all men not actually holding reserve commissions in the Army or Navy to appear before local draft boards to claim exemption and if necessary file an appeal with the appellate unit of the draft board and possibly file a further appeal with the War Department. Obviously, this procedure will require considerable time on the part of the individual members of my staff and I believe, consequently, that the work of the FBI in time of emergency will be expedited if the key officials of the Bureau hold reserve commissions. I would appreciate, therefore, your views as to whether commissions without mobilization posts will be assigned to the following members of my staff in the event they make application for such commissions through regular channels.

MEMORANDUM FOR THE DIRECTOR

The fact that you were not notified of the fire in the Munitions building this morning is entirely my fault. Mr. Tracy called me at about 4:25 A. M. and advised me that Allen Dibble had just informed him there was a fire in the Munitions Building. Mr. Tracy specifically inquired whether he should notify you of the fire and I told him that to the best of my recollection it would not appear necessary, at least until we knew more about it and I suggested that he call Mr. Hottel and have someone assigned at once to proceed to the Munitions Building and find out what this is all about.

I did not know of the fact that General Miles had called about the fire until I arrived at the office shortly prior to 9:00 A. M. I do want to emphasize the fact that I specifically told Mr. Tracy in answer to his direct question that I did not believe it would be necessary to disturb you about this matter at that time.

RECEIVED-DIRECTOR

Edward Allen Tamm

I am The Assistant to The Attorney General, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country.

Edward Allen Tamm is an Assistant Director; he has been employed continuously by the Federal Bureau of Investigation since December 1, 1930, and cannot be replaced satisfactorily because of a shortage of persons with his qualifications and experience in such activities. In his capacity as Assistant Director, he is in active charge of the Investigative Division and his removal for induction would cause a material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation.

MEMORANDUM FOR MR. TOLSON
MR. CLEGG
MR. TAMM

In connection with the memorandum which has just been approved by the Attorney General that I send representatives of the Bureau to London to make a survey not only of intelligence matters but all matters dealing with functions of police in times of national emergency such as the British Isles are now passing through, I am designating Mr. Clegg and Mr. Hince to proceed immediately upon this mission. I will want to talk with each one of them before they depart but I would like to have them make arrangements to leave at the earliest possible moment.

You will note that the Attorney General suggests that our study in London be extended to include a complete file upon laws and regulations that will arise in case of a National emergency. I want this to be thoroughly covered. I want the commission going to London to make a complete study of the various items and return and make available by detailed memorandum the various matters in which we are interested and also make available for instruction in our training schools now being held and to be held the information that will be necessary to properly and efficiently handle situations of this kind that might arise in the future.

In view of Mr. Clegg's departure on this mission to London, I am designating Mr. Tamm as Assistant Director in charge of the National Defense Division until Mr. Clegg's return. During this interim, the Plant Survey work and the SIS work, which was transferred recently from the National Defense Division to the Investigative Division, will remain under Mr. Tamm's supervision and be considered for the time being as a part of the National Defense Division.

During Mr. Clegg's absence from headquarters and Mr. Tamm's temporary detail to the National Defense Division, I am designating Mr. Rosen to act in charge of the Investigative Division.

Incident to the SIS work, I am particularly dissatisfied at the manner in which this work has been handled in Mr. Foxworth's absence by Mr. Lawler and I am for that reason desirous that Special Agent in Charge Irayton be transferred from the Seattle Office to the Seat of Government to assure this work, and that the supervision of this work be under Mr. Tamm for the time being. Mr. Lawler is to be transferred from Washington, D. C. to the New York City

Field Division to replace Special Agent Roger F. Gleason and is to be designated as Supervisor of Section one of the New York office.

Special Agent in Charge Cornelius is to be transferred from the Los Angeles office to the Seattle office to replace Mr. Drayton. Mr. Cornelius should proceed to Washington before proceeding to Seattle in order that various matters may be discussed with him concerning the Seattle office, as well as general administrative matters of field offices.

Special Agent Roger F. Gleason is to be transferred from New York City to Detroit.

Special Agent Lewis A. Newson, now at Kansas City, is to be designated Acting Special Agent in Charge of the El Paso Field Division. I believe it would be desirable, however, for Special Agent Newson to proceed to Washington for conference before proceeding to El Paso, and after he has arrived in El Paso, Special Agent in Charge Andersen of the Oklahoma City office should proceed to El Paso for the purpose of spending three or four days with Mr. Newson in assisting him with the administrative operation of the El Paso office.

Dear Ed:

SPECIAL DELIVERY

Today you will complete ten years of service in the Federal Bureau of Investigation. In those ten years you have played no small part in the development of the FBI to its present status. I know only too well the many sacrifices which you have made in your unswerving devotion to your duty and to your heartfelt loyalty not only to the FBI as an organization, but to me personally as its Director.

I need not tell you how deeply I have always appreciated this spirit. I have always known that I could depend on you in any situation and I could not let this opportunity pass without extending you my heartfelt felicitations for the ten grand years of service which you have already put in. I hope that this is only the beginning of a career which will grow and develop in importance with the passing of time. Certainly I look upon you as one of my mainstays in the Bureau and I hope if at any time I can reciprocate in some small measure your many acts of kindness to me that you will not hesitate to let me know.

Please remember me to Mrs. Tamm and the children.

MEMORANDUM FOR THE DIRECTOR

Rather reluctantly I submit the suggestion that we give consideration to the establishment of some kind of an honorary FBI organization in which we could issue some type of a reserve commission to people friendly to the Bureau. I have observed over a period of time that more and more of the Bureau's better sources of information in commercial, industrial and financial fields are receiving reserve commissions from Naval Intelligence and instead of continuing as our sources of information these people feel an obligation to report everything they receive to the Navy Department. I know of no way we can combat this situation except to confer reserve commissions of some type.

I realize that such a program is fraught with a lot of sound objections but I feel that we ~~will~~ are in this matter, as in a number of matters, faced with an emergency situation which requires extraordinary treatment.

EDWARD A. TAMM

As a matter of record for Mr. Tamm's personnel file, there is set out below his biographical sketch which is being used at the present time:

Mr. Tamm was born in St. Paul, Minnesota, but obtained his elementary education in schools in the States of Washington and Montana. Later, he attended Mount Saint Charles College, Helena, Montana; University of Montana, Missoula, Montana; and Georgetown University, Washington, D. C., securing his LL.B. Degree from the latter institution. He is a member of Sigma Nu Fraternity, and an active member in the International Association of Chiefs of Police.

Mr. Tamm entered the service of the Federal Bureau of Investigation on December 1, 1930. After serving in various Field Divisions of the Bureau throughout the country, both as Special Agent and Special Agent in Charge, he was promoted to the position of Inspector in 1934 and brought to Washington as one of the Administrative Assistants of Mr. John Edgar Hoover, Director. In 1935, he was made an Assistant Director, and on January 17, 1941, was designated as Assistant to the Director.

MEMORANDUM FOR MISS GANDY

The following explanation is given regarding the failure of Personnel Files to locate serial 292 of Mr. E. A. Tamm's personnel file which is a memorandum to Mr. Tamm under date of May 13, 1941, advising him to take a regular annual physical examination.

Although this serial has been recorded in Personnel Files and the original memorandum has been received by Mr. Tamm, a thorough check of the file fails to reveal the yellow of this memorandum. It is noted that ticklers of three similar memoranda, dated August 5th, August 22nd and September 8th have been retained by Mr. Kelly in the Chief Clerk's Office which would indicate that they had been sent to Mr. Tamm, however, there is no record of these memoranda in Personnel Files. *located 9/16/41 **

It is not possible at this time to determine that this mail has been misfiled, however, we will do everything possible to locate the missing serial.

MEMORANDUM FOR MR. TOLSON

I have on frequent occasions called to your attention the imperative necessity of the Administrative Division seeing that physical examinations are given annually to all investigative personnel at the Seat of Government and to all Agents from the field who come to the Seat of Government during the course of the year. I had occasion today to call for Mr. E. A. Tamm's personnel file, and I find that he has not had the annual physical examination. It is a fact that the Chief Clerk's office has on three or four occasions since last May communicated by memorandum with Mr. Tamm, but apparently the examination has not been had to date.

I think the perfunctory following up of such requests is a waste of time. It takes the time of a stenographer to write the follow-up memoranda and the time of a supervisor to check on them. I think that when an employee of the Bureau is at the Seat of Government and doesn't respond to the first notice for a physical examination, the matter should be taken up orally by the Administrative Division with that official and a definite date set for it. This will accomplish the end of having the physical examination actually taken and at the same time will reduce a lot of paper work and follow-up activities that apparently do not produce results.

Very truly yours, 37 OCT 2

MEMORANDUM FOR MR. TOLSON

Chief Clerk's Office

With reference to the Director's inquiry concerning a physical examination being afforded Mr. E. A. Tamm, please be advised that we have endeavored on at least four occasions to have this physical examination taken. Definite arrangements were made to take the examination and commitments later arising precluded Mr. Tamm from taking the examination at those times. The Director may rest assured that an examination will be arranged for and taken within forty-eight hours after Mr. Tamm's return to the city.

There are no other delinquent physical examination requests at the Seat of Government or at the Washington Field Office at the present time. The matter of physical examinations has been followed most closely by Mr. Poster of this office.

Respectfully,

This has been very poorly handled a lot of time, paper & effort has been wasted when a direct contact to Tamm would have effected the result.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to April 15, 1941, and who dies from any cause, while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of five dollars (\$5), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$5,000.

The following person is hereby designated as my beneficiary:

Name Grace S. Tamm Address 3353 Runnymede Place, N. W.

Mr. Tamm was born in St. Paul, Minnesota, but obtained his elementary education in schools in the States of Washington and Montana. Later, he attended Mount Saint Charles College, Helena, Montana; University of Montana, Missoula, Montana; and Georgetown University, Washington, D. C., securing his LL.B. Degree from the latter institution. He is a member of Sigma Nu Fraternity, and an active member in the International Association of Chiefs of Police.

Mr. Tamm entered the service of the Federal Bureau of Investigation on December 1, 1930. After serving in various Field Divisions of the Bureau throughout the country, both as Special Agent and Special Agent in Charge, he was promoted to the position of Inspector in 1934 and brought to Washington as one of the Administrative Assistants of Mr. John Edgar Hoover, Director. In 1935, he was made an Assistant Director, and on January 17, 1941, was designated as Assistant to the Director.

Dear Mr. Driscoll:

Reference is made to the Selective Service case of Mr. Edward A. Tamm, who is duly registered at your Board as Order Number 10. You will recall that previously I communicated with your Board in regard to this case, advising you of his employment status here. Recently, you transmitted D.C.S.S. Form 2, Supplementary Questionnaire, for execution by him.

Mr. Tamm is still performing duties in this Bureau as the Assistant Director in charge of all investigations, and I am transmitting herewith the Supplementary Questionnaire, together with D.S.S. Form 42-A, which has been executed by me today, requesting that appropriate deferment in Class II-B be granted to him.

Your previous cooperation in this matter is indeed appreciated, and should there be any additional information you may desire, please do not hesitate to call upon me.

Sincerely yours,

John Edgar Hoover

EXCERPTS FROM SELECTIVE SERVICE REGULATIONS

622.21 Class II-A: Man necessary in his civilian activity.—(a) In Class II-A shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is essential to the national health, safety, or interest.

(b) Class II-A deferments shall be for the period of 6 months or less as may be deemed necessary to secure or train a replacement for the registrant. If there is a change in the registrant's status during the period of his deferment in Class II-A, his classification shall be reopened and considered anew. At the expiration of the period of the registrant's deferment in Class II-A, his classification shall be reopened, and he shall be classified anew. When the registrant is classified anew, he shall not be again placed in Class II-A unless such classification is warranted, and in addition, the registrant or the registrant's employer convinces the local board, or the board of appeal (if an appeal is taken), or the President (if an appeal is permitted and is taken) that a reasonable but unsuccessful effort has been made during the period of deferment to secure or to train a replacement. If these conditions are met and the registrant is again placed in Class II-A, such further deferment shall be for the period of 6 months or less as may be deemed necessary to secure or train a replacement. The same rule shall be applied when again classifying such a registrant at the end of each successive period for which he has been classified in Class II-A.

622.22 Class II-B: Man necessary to the War Production Program.—(a) In Class II-B shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, or in training or preparation therefor, the maintenance of which is necessary to the war production program.

(b) Class II-B deferments shall be for a period of 6 months or less. If there is a change in the registrant's status during the period of deferment in Class II-B, his classification shall be reopened and considered anew. At the expiration of the period of the registrant's deferment in Class II-B, his classification shall be reopened, and he shall be classified anew. In again classifying the registrant, care should be taken not to impede the war production program. The registrant should be again classified in Class II-B for a period of 6 months or less if such classification is warranted and if the registrant's employer has made a reasonable but unsuccessful effort to secure or train a replacement for the registrant during the period of deferment. The same rule shall be applied when again classifying such a registrant at the end of each successive period for which he has been classified in Class II-B.

622.23 General rules for classification in Class II-A and Class II-B.—(a) On the local board is placed the primary responsibility of deciding which men should be deferred because of their civilian activities. It is in the national interest and of paramount importance to our national defense that civilian activities which are directly contributing to the war effort or which are otherwise essential to the national health, safety, or interest, should be maintained where possible, consistent with the fundamental purposes of the Selective Training and Service Act of 1940, as amended.

(b) No deferment from training and service shall be made in the case of any individual except upon the basis of the status of such individual, and no deferment shall be made of individuals by occupational groups or groups of individuals in any plant or institution.

(c) The local board may avail itself of the assistance of all Federal, State, or local agencies (such as the Office of Production Management Labor Supply Committees, State and Federal employment services, State occupational advisors, county agricultural agents, or others) to obtain information in cases of occupational deferments.

622.24 "Necessary man" defined.—A registrant shall be considered a "necessary man" in industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, including training or preparation therefor, only when all of these conditions exist: (1) He is, or but for a seasonal or temporary interruption would be, engaged in such activity; (2) he cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and (3) his removal would cause a serious loss of effectiveness in such activity.

B. 2.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some forty-six million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 29th day of August, 1942

B. 7. a. b. c.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately one hundred and twenty thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or the other have opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

D. 6. a.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces five hundred and thirty-five hours of study. During that period of time they are trained not only in investigative techniques and procedures but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the field service after training, their skill, of course, increases with their length of service in the field.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Dear Mr. Tamm:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on October 9, 1941.

This report reflects no physical defects. The Board of Examining Physicians recommends inoculation for typhoid, vaccination for smallpox, and inoculation for tetanus.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, it was determined during this examination that your blood is International Type "B".

Sincerely yours,

J. Edgar Hoover

Dear Miss Merritt:

I wish to acknowledge your letter of December 18, 1942, with reference to the application of Mr. Edward A. Tamm for admission to the Bar of Minnesota. I am very happy to furnish you with the following information pertaining to the specific inquiries which you have raised:

Mr. Tamm was appointed as a Special Agent in the Federal Bureau of Investigation on December 1, 1930. He was assigned to the Bureau office located at San Antonio, Texas, where he remained until January 8, 1931, when he was transferred to Kansas City, Missouri. On February 9, 1931, he was assigned to the Washington Office of the Bureau and functioned as one of my administrative assistants until September 8, 1931, at which time he was transferred to the New York Office of the Bureau where he functioned in the capacity of a supervisory official until November 29, 1933, when he was designated Special Agent in Charge of this Bureau's office at Pittsburgh, Pennsylvania.

He remained in this capacity until May 24, 1934, when he was transferred to the Washington headquarters of the Bureau as an Administrative Assistant. On October 16, 1935, Mr. Tamm was designated as an Inspector. On August 2, 1937, he was promoted to the position of Assistant Director. On January 16, 1941, he was designated to the position of Assistant to the Director in charge of the Investigative Divisions of the FBI.

Mr. Tamm acts as my representative in attending various conferences with intelligence agencies and other departmental officials in Washington.

2. Miss Marjorie Merritt, Denver, Colorado

Mr. Tamm is the immediate supervisor of the Investigative Divisions. Under him are three Assistant Directors, each in charge of a separate division, the Investigative Division, the Security Division, and the Technical Laboratory.

Mr. Tamm received his LL.B. degree from Georgetown University in June, 1930. Prior to this, he attended the State University at Missoula, Montana, in 1926 and 1928.

Mr. Tamm has not been admitted to the Bar of any jurisdiction although he has assisted in the prosecution of many of the most important cases which the Bureau has handled and he has been particularly concerned with the legal aspects of our investigative activities.

I need not say, of course, Mr. Tamm is of an exemplary character and I would recommend him without qualification in his application for admission to the Bar of Minnesota.

If there is any further information you might desire, I hope you will not hesitate to communicate with me.

Dear Mr. Hoover:

Your assistant, Mr. Edward Allen Tamm, is applying for admission to the bar of Minnesota and the Conference has been asked to report on his character as required under the rules for admission in that state.

We understand Mr. Tamm entered the employ of your Bureau on December 1, 1930. We shall appreciate it very much if you will send to us, for the enlightenment of the Minnesota State Board of Law Examiners, the following information:

The cities in which Mr. Tamm has been located and the dates he has had his office in each

The positions he has held for each of the periods

A few details as to his duties, and

Any facts you feel will be helpful to the examiners in determining his legal experience and ability.

Can you also tell us whether or not Mr. Tamm has ever been admitted to the bar of any jurisdiction? He makes no mention of such a license in his application.

It is understood, of course, that the information will be for the confidential use of the examiners.

Yours sincerely,

MEMORANDUM FOR THE DIRECTOR

With reference to your inquiry as to why a memorandum relating to your testimony in Chicago yesterday was not received in your office until 10:56 A. M. this morning, it is probable that this memorandum was delayed on my desk. I had arranged an early conference this morning with Messrs. Glavin, Ladd and Little upon the censorship conference yesterday and this conference did not terminate until approximately 10:00 A. M. I had also scheduled a conference this morning with Messrs. McKee and Rosen on the handling of White Slave Traffic Act investigations in the District of Columbia and consequently there has been an unavoidable backlog of material crossing my desk. This material consists of memoranda, etc., arriving in my office subsequent to my departure shortly before 10:00 P. M. last night.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to January 15, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of five dollars (\$5), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$5,000.

The following person is hereby designated as my beneficiary:

Mr. A. J. Driscoll, Chairman
Local Board Number 2
Collective Service System
Cathedral Mansions Center
3000 Connecticut Avenue
Washington, D. C.

Dear Mr. Driscoll:

Reference is made to your recent communication with regard to the Selective Service case of Mr. Edward A. Tamm, who is duly registered at your Board as Order Number 10. You will recall that deferment was requested for him and as a result thereof, Mr. Tamm was placed in Class III-B due to a dependency and his employment with this Bureau.

Mr. Tamm has been employed by the Federal Bureau of Investigation since December 1, 1930, and is now performing duties as an Assistant to the Director. In this position he possesses the necessary highly specialized training and knowledge so essential to the performance of his duties in connection with the successful war effort. His removal for induction at this time would substantially impair the essential work we are now performing to maintain that part of America's war effort and the preservation of the nation's safety and internal security assigned to this Bureau. In accordance with your request, I am transmitting herewith, D. O. Form 42-1 (Revised) which has been executed by me under date of March 11, 1943.

Mr. Tolson. This has been executed by me under date of March 11, 1943. 15585-3
 Mr. E. A. Tamm. Your attention is called to the Executive order of the President dated March 6, 1943, providing for the occupational deferment of employees in the Executive branch of the Federal Government. By this order requests for occupational deferment are limited to those holding positions involving serious difficulty of replacement because a scarcity of available qualified personnel exists and because any incumbent of the position must have had, in order to perform the duties effectively, an extended period of training or specialized experience. Section III, paragraph 2 a and d of that order, defines two of such standards or criteria by which it will be determined if a request for occupational deferment should be submitted for any employee; that is, that the work is of a responsible, administrative or supervisory character in activities directly related to the war effort, or that the essential maintenance of orderly government including the maintenance of health, morals and security of the nation, or that the work actually requires male employees because of peculiar circumstances.

497048

or requisite physical abilities including the occupation among others, of investigatory agents, wherein replacement within necessary age limits is difficult. Mr. Tamm holds the position of an Assistant to the Director and holds the professional degree of LL.B. from Georgetown University. He has received specialized training in the field of law enforcement and counter-espionage, and has had actual experience in this work continually since December 1, 1930. In his present position he is one of the two men directly responsible to me for the supervision of all the functions of this Bureau.

I appreciate your previous cooperation in this matter and should there be any additional information you may desire with regard to this case, please do not hesitate to call upon me. Of course, I shall keep you promptly advised as to any change in the occupational status of this registrant.

Sincerely yours,

John Edgar Hoover

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. This Bureau has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies every six months so that trends in crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records not only on a national basis but on an international basis. The greatest depository of fingerprint records in the world is maintained by the Federal Bureau of Investigation in Washington, D. C. We have over sixty-one million sets of fingerprints on hand today and are receiving fingerprint records at a rate of approximately 115,000 each day. The military and naval authorities have issued orders that all employees of manufacturing plants operating under contracts with the War Department or Navy Department must be fingerprinted and their fingerprints sent to the Federal Bureau of Investigation for search against our existing files. Obviously the purpose of such an order is to ascertain the criminal background, if any, of persons who are occupying positions where they have access to confidential information and to eliminate from such positions those persons whose records indicate that their interests are not those of our government.

We are also receiving fingerprint records of all persons enlisting or being inducted into the army and other military and naval services. All employees of the Federal government are fingerprinted and their fingerprints searched through our files for prior criminal records, again for the purpose of guarding against the employment of persons in the Federal government whose backgrounds indicate that they might not function to the best interests of our government. We are receiving thousands of criminal fingerprints from all police agencies throughout the country and it is essential that these fingerprints be handled promptly and the contributing agency advised of any prior record so that justice may be intelligently administered. By means of this procedure the Federal Bureau of Investigation is able to identify thousands of fugitives from justice each year who otherwise might not be identified by local police agencies who do not have the benefit of prior criminal records as reflected on fingerprint cards which were made at the time of some previous arrest. Many such persons are wanted for a previous criminal act by some other law enforcement agency and are presently attempting to disguise their true identity through assuming a fictitious name. This ruse on their part is penetrated through the science of fingerprinting and the Federal Bureau of Investigation is enabled to advise the interested local law enforcement agency of the true identity of the individual and he can be held for appropriate prosecutive action, whereas if not identified, he quite possibly would have been released to continue his depredations against society.

Our criminological laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A very high percentage of the work presently being performed by the Technical Laboratory is in connection with the national war effort. Evidence collected in suspected sabotage cases is examined by the scientists in our laboratory who are qualified to handle examinations of almost any technical nature. The personnel in the Technical

Laboratory have been trained through education and experience to handle such subjects as analytical chemistry, qualitative and quantitative analysis, ballistics tests, microanalysis examinations, spectrographic examinations, cryptograph and cryptanalysis work, and many other highly technical examinations.

The Files Section of the Federal Bureau of Investigation contains files on hundreds of thousands of individuals whose activities are of the greatest importance to the country today. It is highly important that we maintain in the Files Section a nucleus of experienced personnel so that the information contained therein can be made readily available to the supervisory personnel of this Bureau and also be made available to other governmental agencies such as the State Department, Military Intelligence Division, Office of Naval Intelligence, and the Immigration and Naturalization service. It is most essential that only the most trusted employees be assigned to this work because of the highly confidential material that is contained in our files.

All of the functions of the Federal Bureau of Investigation are so closely inter-related that it is essential that qualified and experienced personnel be available not only to perform their own work but to train new employees. The Congress of the United States has passed several bills within the past year approving an increase in the personnel. When it is considered that the work of this Bureau is highly confidential it can be appreciated that the selection of personnel must be made with great care. It has been our experience that only one employee is obtained from every one hundred persons who have applied. It is necessary that each employee be investigated thoroughly so that there will be no possibility of having a person in our service who is not loyal to the United States. We have found that it is extremely difficult to secure qualified persons for almost any of the positions that are available. At the present time we have approximately 1,500 employees less than the number that has been authorized by Congress. Every effort is being made to obtain these additional employees as they are badly needed in order for us to properly carry on the work that has been assigned to us. We are endeavoring to obtain these additional persons without interfering in any way with the administration of the Selective Training and Service Act. In all positions where possible we are utilizing the services of female employees. With the exception of Special Agents' and Laboratory Scientists' positions, no appointment of male employees who may be eligible for military service are being made. It is absolutely necessary, however, that our experienced personnel be maintained so that the new personnel can be adequately supervised and trained.

All employees of the Federal Bureau of Investigation have been working at top speed to keep abreast of our duties. The regular work week has been extended to 48 hours, and it has been our experience in the past that an additional amount of overtime will be voluntarily performed by the employees of this Bureau in an effort to properly and expeditiously handle the tremendous volume of important work being referred to us in connection with the war effort. Obviously very little consideration can be given to replacing an experienced employee until such time as we are able to build up our present staff to the number authorized and needed.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces 535 hours of study. During that period of time they are trained not only in investigative techniques and procedures, but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the Field service which follows their training period, their skill, of course, increases with their length of service in the Field. It would

obviously, therefore, be impossible to adequately replace an experienced Special Agent until the replacement had been in the service an equal length of time.

The science of the classification of fingerprints is one of the most exacting in the world today. Employees in law enforcement organizations handling fingerprint activities are of a profession which demands the utmost skill and honesty in the practice of that profession. In the Federal Bureau of Investigation we train Fingerprint Technicians through classroom and practical study for a period of approximately six months. At the end of that time those employees are qualified to examine sets of fingerprints and to identify like sets. This science cannot be taught overnight and the loss of a fingerprint man at any stage of his training or employment is a severe blow to the Federal Bureau of Investigation at this time when we are receiving thousands of sets of prints from all of the coordinated activities of the Government and from local law enforcement agencies.

The Laboratory Scientists of the Federal Bureau of Investigation, all graduate scientists, are thoroughly schooled in the science of criminology and today are performing duties pertaining to the successful war effort one hundred percent of their time. Their training in this field, embracing all sciences of laboratory examination which includes cryptography, chemistry, ballistics, geology, serology, and many others, has been invaluable in the solving of espionage, sabotage, and other subversive activities. It is essential that these scientists many times perform their scientific work in the field under such conditions that they could not be replaced with employees not possessing their physical attributes.

Bureau employees in positions aforementioned and for whom deferments are requested possess technical and scientific skills which renders them irreplaceable to the Federal Bureau of Investigation at this time.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 11th day of March 19 43

MEMORANDUM FOR MR. TAMM
MR. LADD

I am greatly concerned as a result of the deplorable condition which was very drastically brought to my attention this morning when I appeared before the Subcommittee of the House Committee on Appropriations which is sitting to review the cases of government employees charged by Congressman Dies as being members of subversive organizations.

I was subjected to very vigorous questioning by all members of the committee as to why the Bureau summaries of cases handled under this project were not more complete and more specific. Over a period of many months I had urged both Mr. Tamm and Mr. Ladd to give this project very special attention as I anticipated that at some time we would be called upon to justify our work and I was hopeful of being able to have a foolproof case to present. Instead, our case was full of holes and shot with many more at the hearing this morning because the supervisory staff had failed to see that this project was being handled properly.

The principal case cited this morning was that of Mr. C. E. Watson. Congressman Anderson called attention to the fact that Mr. Watson was specifically charged by Congressman Dies as being a member of the American League for Peace and Democracy along with membership in a number of other organizations. Congressman Anderson pointed out that the Bureau's summary did not disclose whether Mr. Watson was ever asked by the investigating Agents of the Bureau to whether he was or was not a member of the American League for Peace and Democracy. I was queried as to whether the original reports containing the interrogation reflected whether such a question had not been asked. To say the least, the interrogation by members of the committee was most embarrassing and could have been avoided had proper attention been given to the supervision of this project.

MAY 14 1946

Mr. Tracy _____ that gives me even more concern is the fact that after Mr. Tamm's report from the committee hearing and in discussing this matter with Mr. Tamm and Mr. Ladd, it was suggested that the explanation in the Watson case was that the Bureau had received instructions not to question persons as to membership in any organization which had not been declared.

subversive, and that the American League for Peace and Democracy had not been declared subversive before the conclusion of the investigation of Mr. Watson. Messrs. Tamm and Ladd also indicated that we had received instructions not to reopen any cases that had been previously closed prior to a ruling that an organization was subversive. I asked to be furnished with copies of these departmental instructions. The latter one could be found, namely, that we should not reopen cases that had been concluded prior to a subversive ruling, but the former instruction to the effect that we were not to interrogate persons as to membership in any organization which had not been declared subversive, has not been found, and it is therefore to be assumed that no such instructions were received by the Bureau from the Department. In other words, the supervising officials in charge of this project actually did not know what instructions or rulings had been received. Furthermore, I am advised now that the Bureau requested such a ruling and followed it up several times but never received it. I do not know what would have precluded a personal visit to Mr. Carson or to Dean Dickinson to secure a specific answer to our query. Certainly I should have been advised that we had not been answered in which event I would have been entirely willing to have personally spoken to the Attorney General about it.

To now find the picture to be that we have failed to ask persons whether they belong to certain organizations which had not been ruled as subversive without any departmental justification for our action so that we are considered derelict by the Congressional committee. It indicates a complete lack of thoroughness upon our part.

Furthermore, I learned in the discussion this morning that these summaries which have been transmitted to the Attorney General in the recent cases mentioned by Congressman Dies numbering thirty-nine, had not been read by either Mr. Tamm or Mr. Ladd. In other words, again they had been delegated to subordinates to do something which should have been handled by the ranking officials. I am fully appreciative of the fact that there is a tremendous volume of work which we have to handle, but in matters of such vital importance as this project has been, I do not think it is expecting too much to have the ranking officials personally familiar with the project and personally review any data which we know in advance is to be transmitted to a congressional committee. None of this material was read by any ranking officials of the Bureau, but it was all read in minute detail by the members of the congressional committee who then subjected me to the interrogation this morning.

I do not know how many other memoranda have been written to the Department asking for rulings not only in this project but in other projects being handled by the Bureau and upon which no rulings have been received. Apparently all that has been done or considered necessary to be done has been to write a memorandum and follow it up routinely with follow-up memoranda at various intervals. No real actual effort has been made to get a ruling. I know how derelict the department is in answering queries of the Bureau but that doesn't relieve us from getting an answer and in a matter as important as this matter we should have secured the answer or I should have been advised so that I personally could have taken the matter up with the Attorney General.

We are placed in the position of having been given a job specifically to do by Congress for which a specific sum of money was appropriated and of having done it in a sloppy and incomplete manner. The comments of the members of the committee this morning were indeed most critical and it's the first time in my experience as Director of this Bureau that I have been subjected to any such criticism which I could not answer because the criticism was warranted due to our failure to effect proper supervision of this project. I am convinced that what has happened has been that the project was so large and entailed so much detail that it was brushed off to be handled by subordinate supervisors with no real actual check made by the ranking officials in charge of the division.

Now it has got to be done properly to the humiliation of the Bureau. As I indicated in my conference this morning, I want the thirty-nine cases to be handled by Messers. Tamm and Ladd and then I want the balance of the 4200 cases to be gone over to see what gaps there are in these investigations which should have been checked when they were being handled rather than having to do it at the present time.

I have advised Congressman Kerr that Mr. Ladd is being designated to collaborate with the committee to render every assistance and service to the committee in his inquiry. I want full cooperation to be given but I think it is very important for Mr. Ladd to be thoroughly informed himself about what has and has not been done in this project and why before embarking on any discussions with the committee. We want to be certain that we don't make a statement that we have certain rulings from the department telling us to do or not to do certain things and later finding out that we have no such rulings.

Very truly yours,

J. E. H.

RE: EDWARD ALLEN TAMM
Order Number 10

Dear Mr. Driscoll:

The Review Committee of the War Manpower Commission, established under the provisions of Executive Order 9309, has determined the position of Assistant to the Director held by Mr. Tamm to be a key position within the meaning of said Executive Order.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9309, recommends that the attached D.C.S. Form 42-A (Revised) which has been executed by me under date of August 18, 1943, and countersigned by the Chairman of the Agency Committee, be forwarded to you requesting occupational deferment on behalf of Mr. Tamm.

I would appreciate having this affidavit made a part of the file of the above-named registrant, and request your consideration of the same when you determine his classification. Should you want any additional information, do not hesitate to call upon me. I shall keep you promptly advised of any change in the occupational status of this registrant.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 18th day of August 1943

United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to August 31, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

MEMORANDUM FOR MR. TOLSON
MR. TAYLOR

I am very much concerned about the fact that mail of an important character is not personally read by Mr. Tolson and Mr. Tamm. I am discovering that much of the mail that comes to my desk dealing very definitely with matters of policy and critical situations is only initialed and not read. This practice must be changed. Memoranda that are going to the Attorney General; Departmental officials; Members of Congress; and high Government officials in other Departments, together with memoranda dealing definitely with policies and critical situations must be read by the two Assistants to the Director before being initialed. I well appreciate the great volume of work that is passing through, but I must insist that not only should the head of a division read and initial mail, but that the Assistants to the Director likewise read and initial the mail if it meets with their approval, particularly that mail which is in the categories I have mentioned above.

Very truly yours

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was referred to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class II-A, and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director or by the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Dear Ed:

As you are approaching your fourteenth anniversary with the FBI on December 1, I have the real pleasure-giving honor of awarding you this Ten Year Service Key in recognition of your years of loyal and devoted service.

During your brilliant career with the Bureau, I have long recognized your adept ability and appreciated your close friendship. You have played a most important role in the rise of the Bureau to its present high position. Your discerning intellect and forceful efforts have met with outstanding success in handling the investigative work of the Bureau, both in time of peace and now in time of war. No one knows better than I the hard work this has entailed and the sacrifices which you have made so willingly. You have won the respect and admiration of all those who have been associated with you, both within and without the Bureau.

Words cannot begin to express the warm personal feeling that my heart holds for you. It is with a deep feeling of gratitude and appreciation that I say I have been glad to have a friend like you upon whom I have always depended so much. May the future never separate us in our fight for the ideals of the FBI.

With best regards,

Sincerely,

Dear Mr. Tamm:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on October 18, 1943.

This report reflects that you have epicondylitis.

The Board of Examining Physicians makes the following recommendations:

Vaccination for smallpox.
Inoculation for tetanus.
Inoculation for typhoid.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

~~EXPOSE~~ For your information, it was determined during this examination that your blood is International Type "B".

RE: EDWARD A. TAMM
ORDER NUMBER 10

Dear Mr. Driscoll:

The Review Committee of the War Manpower Commission, established under the provisions of Executive Order 9809, has determined the position of Assistant to the Director held by Mr. Tamm to be a key position within the meaning of said Executive Order.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9809, recommends that the attached Forms 42 and 42-B be forwarded to you requesting occupational deferment on behalf of Mr. Tamm.

I would appreciate having these affidavits made a part of the file of the above-named registrant, and request your consideration of the same when you determine his classification. The principal place of employment of this registrant is Washington, D. C.

Should you want any additional information, do not hesitate to call upon me. I shall keep you promptly advised of any change in the occupational status of this registrant.

Sincerely yours,

John Edgar Hoover, Jr.

Mr. Tamm is an Assistant to the Director and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9809. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

-2-

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

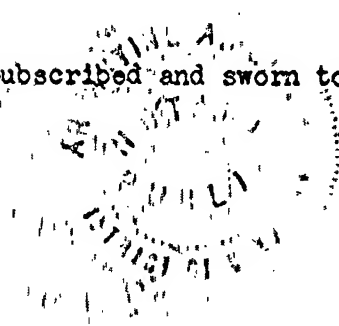

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent position of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to December 18, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner;

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund subsequent to August 31, 1944, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary:

MEMORANDUM FOR MR. TOLSON
MR. TAMM
MR. GLAVIN
MR. LADD
MR. ROSEN

I have just read the attached memoranda of Mr. Rosen dated September 19 and of Mr. Glavin of the same date concerning the mis-handling of the subpoena in the JAMES L. LAUGHLIN matter. This situation is becoming more confused and I have not as yet received all the information I desire.

It is to be noted that the Assistant Director to whose division this case was assigned, Mr. Rosen, never had any knowledge that Mr. Callahan was to represent the Bureau in this matter in Baltimore.

It is further to be noted that apparently the original steps taken in this matter were all handled at a lower level of responsibility in the Bureau than they should have been. That is to say, Mr. Tamm informed Mr. Callahan that someone from the Administrative Division was to appear in Baltimore in this matter and that whoever this representative was should see a subordinate supervisor in the Investigative Division. Mr. Callahan contacted Mr. Glavin, who designated Mr. Lee. Mr. Lee saw the subordinate supervisor in the Investigative Division and then proceeded to Baltimore to handle the matter. Mr. Lee was later supplanted by Mr. Callahan without any consultation with the Assistant Director in Charge of the Investigative Division or with the Director's Office. The conferences held with the Judge were carried on by the Special Agent in Charge of the Richmond, Virginia, Division and by no one familiar with the case. It is to be further noted that at one time was the matter cleared with the Assistant Attorney General in charge of the Criminal Division, as the Department circular provides, but the matter was discussed with Judge Holtzoff purely for advice. The fact that the United States Attorney and the Judge were consulted did not relieve the Bureau under the Departmental orders from getting specific instructions from either the Attorney General, the Assistant to the Attorney General, or the Assistant Attorney General in charge of the Criminal Division. All in all, this whole situation has been atrociously handled with a marked indifference upon the part of the responsible officials of the Bureau.

Nowhere in the memoranda which I have received in this matter to date is there any explanation from Mr. Callahan as to why he testified as he did. Notwithstanding the indifferent manner in which this case was handled by the responsible officials in the Bureau, it does appear that Supervisor Carroll did appropriately advise Mr. Callahan and Mr. Lee of what they were to do and it is to be noted from Mr. Glavin's memorandum that Mr. Callahan understood the grounds upon which he should refuse to present the records - namely, because of their confidential

MAILED
MAY 14 1945

31

nature and the Departmental regulation. This he did not do according to the transcript of his testimony, and I want an explanation of why he failed to comply with the Bureau instructions in this matter.

As I have previously indicated, I want matters of this kind in the future to be handled by the Assistant Director in charge of the division from which the case arises and any assistance or information that is to be obtained from any other division shall be taken up by the Assistant Director of the division from which the case arises with the Assistant Director of the other division or divisions. Further, I want all such matters to be cleared with the Assistant Attorney General of the proper Departmental division for instructions as to exactly what we shall or shall not produce and what we shall or shall not say, and then I want the Assistant Director from which division the case arises personally to appear upon behalf of the Bureau and testify in accordance with Departmental instructions. If there are to be any deviations from this procedure, approval is to be obtained specifically from me.

I cannot express too strongly my displeasure at the manner in which this situation has been handled by Mr. Tamm, Mr. Rosen, and Mr. Glavin. They were the ones directly responsible for the proper handling of this matter and it should not have been delegated to subordinates down the line, certainly not without first consulting with me. The result has been some of the most unfavorable publicity which this Bureau has received, which publicity has been carried by the press associations to all parts of the country, if we can judge from the clippings we are now receiving. It all could have been avoided if proper attention had been given by the proper officials of the Bureau to this matter.

Very truly yours

John Edgar Hoover
Director

OFFICE MEMORANDUM

* UNITED STATES GOVERNMENT

RWW:hey
TO : C. H. Carson
FROM : Robert W. Hall
SUBJECT :

DATE: October 15, 1944

With regard to your request for an explanation as to why there is a discrepancy in the memorandum dated September 23, 1944, entitled "Office of the Military Attache, La Paz, Bolivia; Kidnapping of Tin Magnate Mauricio Hochschild" and the abstract slip attached thereto, my only comments are:

In reviewing the memorandum subject to approving it, the writer did not compare the information shown on the abstract slip with that in the memorandum or he would have noticed the discrepancy. Miss Evelyn Herman, who prepared the memorandum and the abstract, is not available for consultation since she is now en route to the Los Angeles Field Division under transfer.

It is to be noted that in the letter of commendation sent to Legal Attache Hubbard there is a paragraph instructing him to be cautious in divulging any information which he receives from the office of the Military Attache.

I regret very much I failed to review the abstract slip as I should have, and I want to assure you that in the future I will take every precaution necessary to see that a similar instance does not occur.

The original abstract on this memorandum has been appropriately changed.

Dear Mr. Tamm:

Through you, I want to extend Yuletide greetings to my associates in the Bureau. May Christmas bring to all real cause for happiness, and may it also bring inspiration to redouble our contribution to the joint efforts of the decent peoples of the earth to achieve peace and good will among men and nations.

I hope that a victorious New Year may bring more near to fulfillment each person's normal desires and that with victory each will find full recompense in health and satisfaction.

Dear Mr. Driscoll:

Reference is made to the Selective Service case of Mr. Edward A. Tamm, Order Number 10, who has been placed in Class 4-A by your Board.

(U) As you know Mr. Tamm is an Assistant to the Director of this Bureau and is employed in an essential position. [It has recently become necessary to utilize his services on a confidential assignment outside the continental limits of the United States for an indefinite period of time. I wish to request that he be furnished with a permit to leave the country so that he may be used on this important assignment.] In view of the fact that this is an assignment of a confidential nature, I desire to request that this permit be issued in blank as to items one, two and three. [X]

I wish to express my sincere appreciation for your cooperation in this matter and trust that you will treat the above information as highly confidential. You may be sure that Mr. Tamm can always be contacted through the headquarters of this Bureau, and you will be immediately advised as to any change whatsoever in his occupational status.

Sincerely yours,

2. This individual is one of the Directors of the F. B. I. He has just returned from San Francisco and was sent here for a routine yearly physical examination. Prior to his trip to San Francisco he made a trip to Mexico City, Mexico, in February of this year. He states he tried to avoid raw fruits and vegetables there and drank only bottled water. He believes that for the immediate present he will be in Washington but is subject to call for any national or international problem that would require travel.

Major complaints are as stated: He feels tired all the time and notices an inability to concentrate. This dates back 2-3 months. For the past 3 weeks he has noticed a generalized muscular aching and soreness. Four days ago he had a definite chilling and thinks he ran a fever lasting one day. There were no other symptoms of an upper respiratory infection. Last November he noticed red blood on occasion in his stools. He was proctoscoped by a local M.D. and two small internal hemorrhoids were found. During the past 3 weeks this has returned on several occasions. Also present since last fall is an alternate diarrhea and constipation. This is not a watery diarrhea with pus or mucous but a looseness. This has been worse also during the past three weeks. This is complicated by a habit during the last several years of taking at least 4 soap suds enemas a week. He has tried to get away from this in the last several weeks by taking mineral oil by mouth. This results in looseness and he then takes bismuth. For the past two months he has felt keyed up and nervous and has been unable to sleep. He has been taking barbiturates every night and this leaves him drowsy the next day. Recently he has been taking a readily soluble barbiturate and an enteric coated barbiturate every night so as to get an immediate and prolonged effect. Even these are only partially effective in promoting sleep. He is subject to call every night and week ends and in the past has usually received at least one night call.

No vacation since start of war. Was off ten days last summer taking treatments for right arm.

Epicondylitis of right arm present since 1942. Started out as pain

and soreness of right elbow with no limitation of motion. Never any evidence of lursitis or neuritis. X-Rays of elbow always negative. Treated first with immobilization (sling and cast), later with physia theraph, X-Ray and novocain injections. All the treatments have been ineffective. Complaint worked up by local M.D.'s, Lahey Clinic and Mayo Clinic. Pain and soreness has decreased in last year and he has offective use of the arm.

Systems Head - occasional dull heudaches
Eyes - negative - no glasses
Nose - negative
Mouth - teeth negative - tonsils present - no trouble
Cardio-Vascular - negative
Respiratory System - negative
Gastro-intestinal - as given - no selective food dyspepsia - no pain
Genito-Urinary - negative

Allergic: history of urticaria after eating certain foods.
Had all dermal tests - number of years ago. Urticaria prevented by elimination of these foods from the diet.

Mr. E. A. Tamm
3353 Runnymede Place, N. W.
Washington, D. C.

Dear Ed:

I have just reviewed your physical report, together with the recommendations made by the examining physicians. I am inclosing a copy of this for you.

I was very happy to know that organically there is nothing wrong with you but that your condition is due to fatigue. I am going to go a step farther than the doctors have gone in that I am going to insist that you take a month's sick leave and a month's annual leave. This will give you two full months and I want you to detach yourself completely from all official work and worries. In other words, you cannot plan to come back to the Bureau until after August 1st. I am instructing Mr. Ladd to discontinue keeping you informed of the things that are going on at the office. There is not much sense in your staying away from the office when you keep in constant contact with it. The doctors indicate that there must be a severance by you from all Bureau activities and I intend to see that this is done.

I know that you will be rather restive, at least for awhile, without being in touch with official matters, but in the long run it will be for your good and that of your family and friends. Consequently, do try to adjust yourself to the need for this rest and take a real one.

I shall, of course, be interested to hear from you as to how you are getting along but I don't want you to be taking up any official matters with anyone in the Bureau or with anyone outside of the Bureau until after August 1st.

These are official orders, in addition to being my personal wishes.

1. This individual has a fatigue syndrome that requires immediate attention. It is the result of close application to work over a prolonged period of time, but should be relieved by a rest and vacation from all Bureau activities. The following measures are recommended:

- 
- A. A month's vacation from Bureau duties at a recreational spot of his own choosing.
 - B. Cessation of night and week end Bureau calls.
 - C. No foreign or domestic trips for the immediate future.
 - D. General reduction in Bureau responsibilities.
 - E. Elimination of barbiturates.
 - F. Re-exam before going back to work.

2. Protoscopic exam later by the M.D. that did the previous exam.

3. Instructions for correction of bowel hygiene were given. This may require further attention later.

4. Dental care and prophylaxis later.

Physical Condition

There is attached hereto the incompleated physical examination of ~~the above named individual~~ *Mr. Tamm*, it being incomplete only with respect to the doctors' recommendations. These recommendations will be furnished to this Bureau tomorrow afternoon after Mr. Tamm has had a consultation with the Chief Medical Officer, Captain McMahon; and the examining physican, Dr. Darnell, at the Naval Hospital at 11:30 AM tomorrow morning.

A chest x-ray, blood count, stool examinations for parasites, smear for malaria, blood and urinalysis tests, and sedimentation rate tests have been conducted thus far and they fail to reflect anything organically wrong with him.

It will be noted that in the summary of defects listed the most pertinent are number 6 and number 7, which Dr. Darnell has formally indicated are the main source of Mr. Tamm's trouble at the present time and can only be corrected by the proper care of himself under the observation of a local physician.

This examination is being followed closely by me and immediately upon receipt of the doctors' recommendations tomorrow afternoon they will be made known to you.

Now that the United Nations Conference on International Organization has drawn to a close, I wanted to express my personal appreciation for the excellent work which you did.

I know that the burden you bore was tremendous and that your planning and organization were responsible to a great extent for the successful culmination of the Bureau's assignment. It was a difficult job well done.

With kind personal regards,

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 30, 1945, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Grace S. Tamm Address 3353 Runnymede Place, N. W.

THE OFFICE OF CENSORSHIP

WASHINGTON (25)

August 23, 1945.

Mr. J. Edgar Hoover, Director,
Federal Bureau of Investigation,
Department of Justice,
Washington, D. C.

Dear Mr. Hoover:

As you undoubtedly know, I informed the Attorney General on August 17 that all our censoring operations have ceased. I want to express the thanks of all those in this Office with whom you have dealt, and take this opportunity to commend the individuals of your Bureau who have worked closely with us.

All of us are deeply indebted to these men for their patient and intelligent performance of the many tasks which built the relationship between your Bureau and this Office into a productive contribution to the war effort. In large part it was their character and understanding that kept the inter-agency machinery functioning smoothly.

So many individuals of your Bureau have been of valued assistance that I cannot mention them all by name here, but I would like you to know that I shall always be indebted to your Assistants, Mr. E. A. Tamm and Mr. D. M. Ladd. We also appreciate the splendid work performed by Mr. George Gatins, Mr. L. A. Hince, Mr. R. D. Douglas and Mr. W. W. Wood, all of whom participated actively in liaison with us in the early days of the war. Numerous members of your Laboratory Division were likewise very helpful.

I want to thank you especially for assigning Special Agent William J. Powell to supervise relations with the Office of Censorship during the last two years. Mr. Powell proved to be a very happy choice and he contributed greatly toward placing our relationships on a basis of sound understanding and effectiveness.

I am enclosing extra copies of this letter, because you may wish to enter them in the official records of some or all of these individuals.

With best wishes, I am

Sincerely yours, *WJH-328*

Byron Price,
Director.

September 26, 1945

Upon checking our Uniform Promotion Act Cards to see that none were mis-filed, the card of Mr. E. A. Tamm was found filed in June, 1946, which was eighteen months from a meritorious promotion that he received in December 1944. It should have been filed in July, 1945, inasmuch as he received his last Uniform Promotion Act increase in October, 1943.

I am indeed sorry that this error occurred and you may be assured that I will exert every effort to avoid such an error in the future.

Apropos of our discussion last evening concerning Richard Danner's statement that I had advised George Smathers as to the Bureau's attitude towards him because of his resignation, you are advised that this statement is completely and entirely untrue. By reference to my diary and Danner's personnel file, I have verified the fact that the last time I saw George Smathers was on November 7, 1945, when he called at my office to advise, as a result of a conference with The Attorney General, that he was going to try the case in Miami involving the acceptance of bribes by one John Henry Colt. Danner's telephone call to me in which he requested the transfer from Miami is dated November 19th, and you will recall that it was as a result of this request of Danner's that you transferred him to Atlanta and that, subsequently, he became dissatisfied and resigned on January 24, 1946. The significant point about these dates is that the last time I saw Smathers was approximately two weeks prior to the time that Danner telephoned from Miami and requested a transfer out of Miami, which request began a series of events culminating in his resignation.

George Smathers has called at my office on two or three occasions in the past year but I have either been out of the office, had someone with me or otherwise have not seen Smathers. The last time he called at my office, according to the office records, was on November 14, 1946, but I did not see him on that occasion. Frankly, knowing of your feeling about Smathers I have carefully avoided him. You will recall that on September 5th, Smathers telephoned from Miami and requested that the Bureau address a telegram of congratulations to the Mayor of Miami upon Danner's selection as City Manager. At that time I advised Smathers that you were absent from the city but that I would bring this situation to your attention as soon as it was possible for me to do so. I had no other discussion with Smathers on the occasion of this telephone call.

MAY 14 1947

RECORDED

I do not know why Danner would fabricate a story of this kind. Fundamentally, if there had been any occasion or purpose in it, I would not have hesitated to express to Danner or Smathers or anyone else that I thought had a real interest in the Bureau or Danner my feeling that he gave you a rather shoddy return for all of the extraordinary consideration that you had shown to him. I tried to create an opportunity to tell Danner how I felt when I was in Florida last January. I proceeded to the Court House where the Colt Case was on trial and sent a note to Danner at the counsel table asking him whether he would have lunch with me since I wanted to talk to him, but he sent word back that he had to attend a conference on the trial of this case. I recall this incident because it occurred on the opening day at Hialeah. Someone, I don't remember who, told me that Danner had

Memorandum to the Director

stated that I "cut his throat" by the manner in which I handled his telephone call of November 19, 1945, in which he advised of his wife's illness and his desire to be transferred out of Miami. Danner had stated that I misrepresented his statements to you and misled you into making an immediate transfer of him. I obviously had not misinterpreted his telephone call particularly since it had been recorded on an automatic recording machine and transcribed from the record rather than being dictated but these were collateral issues. I did not have further occasion to see Danner since I left Miami a day or two later and I never followed the matter up because of my feeling that if Danner had to have some personality upon whom to affix some blame or condemnation for his own conduct it might as well be me as anyone else in the Bureau.

This is a rather verbose statement covering a petty situation but I repeat, Danner's statement concerning my discussion with Smathers is a lie -- not because I wouldn't have expressed my views about Danner to Smathers or anyone else that I thought might tell Danner how I personally felt but only because the opportunity for the occasion described by Danner never occurred.

TO : THE DIRECTOR

FROM : E. A. TAMM.

SUBJECT :

DATE: December 20, 1945

I have no alibi to offer concerning the admittedly unsatisfactory nature of the memorandum sent to you on the night of December 17, 1945, relating to the Bernard Theodore Staub case in Philadelphia. I was anxious to get the basic facts in this situation to you and you instructed on the afternoon of December 17th that a memorandum be forwarded to you air mail, special delivery, that evening. One fundamental boner had been pulled in this situation when Mr. Pennington authorized the Philadelphia office to permit Agent Kopriva to depart from Philadelphia to return to his headquarters Buffalo, New York, making it impossible for us to reach him for a period of some eighteen or twenty hours. Thereafter, we were unable to get the facts from Philadelphia because no one in the office knew them and had to await Kopriva's arrival in Buffalo, where he was instructed to and did prepare a detailed statement totalling some twenty pages, which was forwarded air mail, special delivery to the Bureau. In the meanwhile, the blizzard had started, the mail did not come through, and efforts to get a statement over the telephone were handicapped by grossly unsatisfactory connections and three broken off calls due to the storm. As a consequence, the material available on Monday evening was admittedly unsatisfactory ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ ~~XXXXXX~~ but it was submitted to you in an effort to give you a basic picture while we continued our efforts to get a detailed memorandum of the facts.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 28, 1946, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~NEW YORK~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Grace S. Tamm Address 3353 Runnymede Place, N. W.
Washington, D.C.
Relationship Wife Dated January 16, 1946

The following person is hereby designated as my beneficiary under the Chas. S. Ross Fund providing \$1500-death benefit to beneficiary of agents killed in line of duty.

Name Grace S. Tamm Address 3353 Runnymede Place, N. W.

attached hereto is a memorandum addressed to me by Mr. Ladd in which he states that his approval of the press release describing the photographs as being of the "atomic bomb" were poor judgment. Mr. Ladd's memorandum also sets forth the fact that the memorandum in which the photographs were described as being "of one of the pumpkins" was left on my desk. You will recall that I did not see this memorandum or most certainly I would not have approved the press release without some revision in its wording and without assuring that the United States Attorney knew the exact nature of the pictures. The original memorandum was received in your office, as stamped, at 9:46 A. M. on October 11th. Mr. Nease, after reading it, placed it in the "Action" folder, believing that it was merely background, as set forth in his memorandum attached.

I do not believe in alibis. It is my responsibility to do things right and to make certain that people under me do things right. Consequently, I do not attempt any justification of this situation. In so far as Mr. Ladd's memorandum addressed to you and his memorandum of explanation are concerned, I definitely recall that he came to my office some time after six o'clock on Thursday night. As he entered the office I had just hung up the telephone, having received a call from Mrs. Grace Stewart stating that the Attorney General had his hat on and was leaving the building but if I got around there "instantly" I could see him. You will recall that you had instructed me to see the Attorney General to insist that a denial of Fred Mullen's story about the Bureau's investigation of the meat industry be issued. I accordingly left my office most hurriedly, advising Mr. Ladd that I had to go to the Attorney General's office at once. I know that he had several memoranda or pieces of correspondence in his hand when he entered my office and it is very probable that if he said he had anything that I should see I would under the circumstances have told him to leave it on my desk. I returned to my office about 7:15 and cleaned off all the work on my desk. I did not see the memorandum in question. After insuring that the draft of the press release was being prepared, etc., checking with Mr. Ladd and Mr. Nichols to request that

a copy of it be left on my desk if it were completed while I was out of the building, I went to dinner, ^{RT. 1:50} returning to my office after 9:30. I called Mr. Ladd's office and the night supervisor, Mr. Howe, stated Mr. Ladd had departed. I called Mr. Nichols' office and he advised that the draft of the press release would be ready in a few minutes. There were at this time two memoranda on my desk, which I read and initialed. One related to a telephone call from Mr. Hallford, setting forth the substance of the complaint and the second, I believe, was a memorandum which Mr. Ladd refers to in his memorandum, which is also attached, in which Colonel Banks expressed concern about the disclosure of the photographs at a public trial. It did not seem to me that the problem of disclosure would be an insurmountable difficulty since I thought it would be possible to arrange for a court impounding of the photographs after they had been displayed to the jury and defense counsel, etc. I accordingly sent this memorandum back to Mr. Ladd with a "see me" in order that this could be worked out with the United States Attorney. Frankly, Colonel Banks' statement that General Groves "was greatly perturbed about the disclosure of the exterior specifications of the bomb" assured me that we really had something in these photographs and the subsequent statement of Colonel Banks "that the photographs were casings" which did not contain fissionable material" but which fact "did not alter the top secret nature of the pictures because so far as the external characteristics were concerned they were identical with the Nagasaki bomb" did not signify to me that we had photographs of a phoney. After cleaning off my desk, I then went to Mr. Nichols' office, where he, Mr. McGuire and a supervisor in Mr. Nichols' unit had a draft of the press release. We discussed it. I was assured that it had been approved by Mr. Hallford and would be approved by Mr. Ladd in the morning, and certain minor changes were made in the wording, after which we discussed the desirability of sending it by teletype to Hallford at Baltimore and to the North Carolina, Texas and California offices involved, for their information. I returned to my desk at eleven P. M. and at that time there were no memoranda on it.

This is rather long-winded but the point is that the memorandum describing the photographs as "pumpkins, etc." had never been seen by me. Whether it became attached to something else and was sent out of the office inadvertently is problematical, it being noted that none of the personnel of my office had ever seen the memorandum prior to the time that we discovered its existence after General Groves had protested about the wording of our press release.

I have instructed Mr. Ladd to make certain that all items of importance are furnished orally and confirmed by memorandum. In addition, I have instructed Mr. Ladd to prepare memoranda addressed to you only on those occasions when there is some specific reason why memoranda should be so addressed. If the memorandum in question had been addressed by Mr. Ladd to me, even though it had left my office inadvertently, it would have come back, possibly in time to avoid this situation.

Dear Miss Herritt:

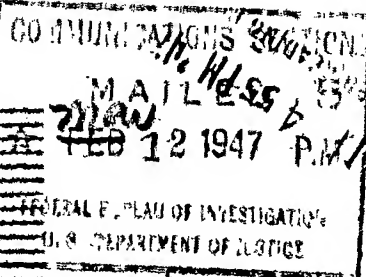

I received your letter of March 4, 1947, in which you advised me that you are now bringing up to date your character report on Mr. Edward Allen Tamm who has made application for admission to the Bar of the District of Columbia.

I am happy to advise you that Mr. Tamm at the present time is occupying the position of Assistant to the Director and his services are of an eminent character. With respect to his moral character, reputation, and ability, I feel that he is preeminently qualified for membership in the Bar of the District of Columbia and it is a pleasure to recommend him to you.

Dear Mr. Hoover:

Mr. Edward Allen Tamm has now applied for admission to the bar of the District of Columbia, and we must bring down to date the character report filed in January 1943 with Minnesota. You wrote us on December 22, 1942, and covered Mr. Tamm's activities up to that date. Has he been with you in Washington since then, and is he still entirely satisfactory to you from the standpoint of moral character, reputation, and ability?

Your reply will be for the confidential use of the D. C. bar examiners.

Yours sincerely,

I have been advised by Mr. Hendon that you desire an explanation as to (1) Why you were not advised of the request received from Mr. Berge for an investigation of the newspaper feature syndicates and (2) Why it was not made clear that this investigation was being conducted at the specific request of Mr. Berge of the Antitrust Division.

When the attached memorandum dated February 11, 1947, was received in my office I assumed from the check mark that you had personally seen it. I regret if this assumption was erroneous.

When the letter to the Field instructing the initiation of this investigation was received in my office I returned it to the supervisor with the instruction that Mr. Wendell Berge be described by name since the initial instructions merely stated that the appropriate persons contacted should be advised that the investigation was being requested "by the Assistant Attorney General in charge of the Antitrust Division."

In accord with your instructions of many months ago, I have endeavored to always use Mr. Berge's name in instructions of this kind and accordingly the letter was so worded as you will observe from the attached yellow of the letter actually sent to the Field Office that the agents were instructed to advise the appropriate officials contacted that the inquiry was being made at the specific request of Mr. Wendell Berge of the Antitrust Division.

FROM : MR. EDW. A. TAMM

SUBJECT: CIVIL RIGHTS SPECIAL TRAINING SCHOOL

With reference to your memorandum of May 9th concerning your displeasure at my not having appeared before this school during the first five days of its session, you are advised that I carefully reviewed the list of subjects as proposed by the Training Division for the school and indicated that I would like to have a half hour before the school. The schedule prepared in the Training Division for the school, as circulated on April 17th, scheduled me for an appearance before this school for a "General Discussion as to Bureau Policy." The Training School schedule for the week of May 5th was reviewed by me when it appeared and I observed that my lecture had not been scheduled for the first week of the school. I assumed that this appearance would be scheduled for the second week and did not question the schedule. In preparation for such a discussion, I discussed with Mr. Ladd the various items to be covered by him and by the other representatives of the Bureau appearing at this school, in order that my discussion would not constitute any needless duplication of material covered by other lecturers. In addition, I carefully reviewed the transcript of your testimony before the President's Advisory Commission on Civil Liberties and other material, including the newly promulgated Departmental instruction that the Bureau should conduct preliminary inquiries in all cases in order that I would have a complete background in anticipation of any questions on the overall policies involved.

During the course of the week, I have endeavored to spend at least one hour a day in the school at various hours and have discussed with particularly the Agents in Charge during recess periods, various aspects of the Bureau's policies and problems. I, of course, regret that you consider my attendance at the sessions of the school as "window dressing" because I certainly share your viewpoint as to the multiple undesirable manifestations of "executivitis."

MEMORANDUM FOR MR. TAMM

I would like in the future to have arrangements made so that before you leave the city you will brief Mr. Ladd in any pending matters or matters with which you are especially acquainted. The reason I make this suggestion is on this occasion, I understand, Mr. Ladd was not briefed relative to matters that might have arisen following your departure from the city, and in fact did not know of your contemplated departure until the night before you left. I think it would facilitate the handling of matters if you could go over with him sometime in advance of your departure those matters which might arise during your absence.

SUBJECT: GEORGIA JEAN WECKLER, Victim
EXTORTION, MISSING PERSONS

With reference to your inquiry as to why SAC Johnson was instructed to leave Milwaukee, I desire to advise that when I received the phone call Friday morning at 1:30 AM, it was my opinion that this case was urgent enough and important enough for the SAC to personally participate in the covering of the payoff. The victim's father was going down for the payoff and the distance to Davenport from Milwaukee was no greater than it would have been for the SAC to have proceeded from Omaha, Nebraska, to Davenport. For these reasons, I instructed the SAC to personally handle the matter after communicating with the Omaha Office. I have no knowledge with reference to the Assistant Agent in Charge likewise having gone to Davenport, inasmuch as I issued no instructions for that, and in fact did not know that he had been taken on this assignment.

With reference to your inquiry as to why I did not personally take some of the phone calls in connection with this matter on Saturday afternoon, I desire to advise that when the call came in from the Milwaukee Office I was out of my office, in fact was going over a number of items with Mr. Tamm. The call came to my office and Mr. Mumford talked in my absence. At the time of the second call I was in one of the Supervisor's office going over the memorandum analyzing the President's message to Congress transmitting a supplemental estimate for appropriations for handling the President's Loyalty Program in order that that might be forwarded to you that evening for your review.

Director's notations:

1. It was proper to send SAC down provided we had ascertained where a SAC was & could be assured he would be in Milwaukee during SAC's absence.
2. There is no objection to having phone calls transferred to where Asst. Dir. is provided he is in the Bldg.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 15, 1947, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Mrs. Grace S. Tamm Address 3353 Runnymede Place, N.W.
Relationship Wife Dated June 10, 1947
Washington, D. C.

The following person is hereby designated as my beneficiary under the Chas. S. Ross Fund providing \$1500-death benefit to beneficiary of agents killed in line of duty.

Name Mrs. Grace S. Tamm Address as above

I am transmitting herewith for approval a draft of a talk to be delivered by me at the Eucharistic Congress in Buffalo on Tuesday, September 23rd. Bishop O'Hara, in writing about this talk, has asked me to emphasize the responsibility of people holding public office to exemplify Christian principles and has asked that the talk be written in a deeply spiritual vein. As a result, the talk is almost entirely on a spiritual plane, although I have tried to make it as nondenominational as is possible, although it is to be given to an all-Catholic audience.

I believe that Ralph Waldo Emerson foresaw your career when he wrote: "An institution is the lengthened shadow of one man.....And all history resolves itself into a biography of a few earnest persons." This statement, I believe, represents a most satisfactory summation of your career which, as I cite in this talk, is an example for all people in public office.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: 6-18-47

FROM : MR. EDW. A. TAMM

SUBJECT:

Although I have initialed the attached memoranda submitted to you by the Security Division concerning the handling of the Kansas City election fraud case last November and the preparation of the brief for your testimony before the Senate Committee, I do not condone the procedure followed or accept the explanations. I feel, however, that I am equally culpable as Mr. Ladd and Mr. Blakesley in not having brought to the Department's attention affirmatively by memorandum, when we submitted the report, the fact that the so-called investigators of the Kansas City Star were not interviewed. I think we should, at that time, have set forth the reason why we did not conduct such interviews and asked for specific instructions.

I feel further that most certainly, when the memorandum was prepared for your use in testifying before the Senate Committee, we should have set forth very positively the fact that the Departmental instructions requested interviews with "such other of the Star employees as participated in the Star investigation." It should have been pointed out to you why this action was not taken. I think, consequently, that Mr. Blakesley's judgment in not incorporating this in his memorandum was atrocious and I feel that Mr. Ladd and I were derelict in the discharge of our responsibilities in not checking the Departmental memorandum, work for work, against the contents of the memorandum prepared for your guidance. While it is humanly impossible to do this in every case, it appears that if Mr. Ladd or I take a chance on the thoroughness of the work of a supervisor, the responsibility is ours for the risk involved, and we cannot pass the buck back to the supervisor who had the basic responsibility for the preparation of the memorandum.

To summarize, therefore, I feel that the responsibility in this matter is a three-fold one and that any disciplinary or administrative action in the case should not be directed solely to Mr. Blakesley but should rather be directed to Mr. Blakesley, Mr. Ladd and myself.

I do not believe that any criticism at this date should be directed at the Kansas City Office for not having interviewed the 32 Star employees, since if that was an error, we should have detected it and protested it to Kansas City months ago.

SUBJECT:

You will recall that Archbishop McNicholas of Cincinnati recently forwarded to me a check in the amount of \$500.00 and requested that I distribute it, half to any charity which I would select and half to any missionary group. I have made the following distribution of this fund:

\$100.00 to the "Foundation for Boys, Inc.," of Cincinnati, Ohio. This is a group, non-sectarian and nondenominational, which is operating a home for homeless boys in Cincinnati. Archbishop McNicholas is interested in the welfare of this group and it appeared proper, consequently, that a portion of the funds coming from the Archbishop should be sent to this organization.

\$150.00 to the St. Josephs Orphanage in Washington, D. C. This is a large orphanage in Northeast Washington which, while operated by Catholic nuns, is nondenominational in so far as the children that it accepts and cares for are concerned. It appeared proper that as a resident of Washington, I send a portion of these funds to a Washington charitable institution.

\$250.00 to the White Sisters of Africa. This is a missionary group of nuns whose principal work is among the lepers of Africa. The courage of these women, the majority of whom are college graduates who volunteer for a lifetime of hospital, school and missionary work, including assignment to the leper colonies, has deeply touched me through the years and I could think of no more deserving missionary group.

CONGRESSIONAL RECORD

PROCEEDINGS AND DEBATES OF THE 80th CONGRESS, SECOND SESSION

Vol 94 WASHINGTON, WEDNESDAY, FEBRUARY 11, 1948 No. 25

EXCERPT FROM PAGES A806 and A807.

Nomination of Edward Allen Tamm

EXTENSION OF REMARKS
OF
HON. HERBERT R. O'CONOR
of Maryland

IN THE SENATE OF THE UNITED STATES

Wednesday, February 11 (legislative day of Monday, February 2), 1948

Mr. O'CONOR, Mr. President, the President of the United States has recently forwarded the nomination of Edward Allen Tamm to be an associate justice of the United States District Court of the District of Columbia. This is an ideal selection. Mr. Tamm has earned distinction as one of the directing heads of the Federal Bureau of Investigation. This fact indicated clearly the type of individual we have the privilege of confirming, because this important agency, so closely identified with activities of the Department of Justice, is composed of men of unquestionable integrity and devotion to the public service.

If proven competence, sterling attributes, and conscientious public service are tests by which judicial nominees can be gaged—as unquestionably they are—then Edward Allen Tamm measures up in every respect to the qualifications of the judiciary. He will grace the bench, and, based upon his record of faithful and efficient performance of duty, he will make a creditable addition to the district court.

Recently the Washington Star published an editorial in which reference was made to Mr. Tamm, and I ask unanimous consent to have these excerpts printed in the Appendix of the RECORD for the information of the Senate.

.

EXCERPTS FROM PAGES A806 and A807.

There being no objection, the editorial was ordered to be printed in the RECORD, as follows:

Some criticism of the appointment of Mr. Tamm can be expected. A native of Minnesota, he entered the FBI in 1930 as a special agent at the age of 23. And since FBI agents do not operate in the spotlight, he is relatively little known in Washington. He has not had the kind of legal experience that one ordinarily expects to find in the record of an appointee to the Federal bench, and his appointment was announced without waiting for any recommendations from the local bar.

Generally speaking, this would provide ground for opposition to the appointment. The Star does not believe, however, that this holds good in the case of Mr. Tamm. For his record at the FBI and his attitude toward law enforcement are such as to lead to the conclusion that he will make an excellent judge.

There will be, naturally, considerable speculation as to the reasons for the selection of Mr. Tamm. The best guess seems to be that it was a personal choice on the part of the Attorney General and it may also be that the President desired to indicate his confidence in the FBI in the face of some criticism which has been leveled at this agency. But the particular reasons for the selection of Mr. Tamm are not of first importance. What is important is that these three appointments tend to strengthen our courts, where political appointments would have weakened them. It would have been easy, especially in an election year, for the President to have treated these vacancies as political plums. That he did not do so indicates that he has a proper regard for that political independence which ought to be the first attribute of the Federal judiciary.

DECLASSIFIED BY SP-6 BJA/ur
ON 7-10-86

Dear Mr. Tamm:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on January 14, 1948.

This report reflects that you have no physical defects. Although the medical examiner reports that the thirty-five millimeter chest x-ray afforded you in this connection was essentially negative, the x-ray department recommends that you be afforded a 14 x 17 chest x-ray. Arrangements will be made at the Naval Hospital for this additional examination in the near future.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing arduous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, there is enclosed herewith a copy of the electrocardiogram afforded you at the Naval Hospital.

Sincerely yours,

J. Edgar Hoover

DETAILS: AT HOUSTON, TEXAS:

Mr. DOUGLAS W. MCGREGOR, Attorney with offices 901 Second National Bank Building, stated that he has known Mr. TAMM since, as he estimates, 1932. He stated at that time he, personally, was the United States Attorney in the Southern District of Texas when Mr. TAMM was working this district as a Special Agent. He said he considers Mr. TAMM a very alert and capable individual. He said this association, though scattered, lasted until about 1937 and thereafter he has had more frequent professional relations with the applicant.

Mr. McGREGOR related that on May 23, 1946 he was designated the Assistant to the Attorney General which position he held in Washington, D.C. until October 7, 1947. During this time he had many occasions to contact officials within the Bureau and most of his dealings were with Mr. TAMM. Mr. McGREGOR described the applicant as being fair-minded, alert, and especially well suited to handling Federal litigation in the District of Columbia. He clarified this by saying that if Mr. TAMM were considered for a Judgeship in a locality other than the District of Columbia, he would feel that the Applicant might be "one-sided" since he had been in law enforcement for such an extended period. He felt, however, that being in the District of Columbia, dealing with Federal laws, rules and regulations, and Court practices, applicant should be an excellent Judge as he has through the years been in close contact with these matters.

Mr. McGREGOR referred to Mr. TAMM as being well-rounded, possessing a keen mind and analytical ability. He could think of no information which might in any way be derogatory and stated that in his opinion applicant would be highly qualified to serve as a Federal Judge within the District of Columbia.

February 11, 1948

I am attaching hereto two investigative reports covering an investigation conducted by the Bureau regarding the fitness qualifications of Mr. Edward A. Tamm for a judicial position in the District Court.

This investigation covers interviews with individuals who are in a position to evaluate Mr. Tamm's qualifications for the assumption of the position to which he was nominated.

In the conduct of this investigation, there has been no duplication of previous investigative efforts of the FBI since Mr. Tamm was thoroughly investigated insofar as background and character were concerned prior to the time he was appointed to a Special Agent position in the Bureau. Neither was any investigation made of his performance of duty in the Bureau during his period of service here since the manner in which he has performed his duties is well known to you.

No further investigation is being made in connection with this matter.

DETAILS:

AT WASHINGTON, D. C.

Mr. CARL MC FARLAND, Suite 502, 1302 18th Street, NW, senior member of the law firm of McFarland & Sellers, advised he has been acquainted with Mr. EDWARD A. TAMM for the past 20 years and further stated they had attended the University of Montana during the same period of time. Mr. MC FARLAND informed he had also had many official contacts with Mr. TAMM during the five year period MC FARLAND served as Special Assistant to the Attorney General and as Assistant Attorney General. Mr. MC FARLAND stated he considered Mr. TAMM to be a superior person who has a rare, high regard for fundamentals underlining law and government. He added that professionally and socially Mr. TAMM would be able to hold his place in any company. He stated that as a practicing attorney he would welcome Mr. TAMM's serving on the bench. He stated he considered Mr. TAMM to be exceptionally well qualified for such a position. Mr. MC FARLAND stated he felt so strongly concerning this that following the announcement of Mr. TAMM's nomination by the President as a Judge in the District Court for the District of Columbia he had directed a letter to the chairman of the American Bar Association's Special Committee on the Judiciary endorsing the nomination.

Mr. THURMAN H. ARNOLD, Suite 602, Ring Building, a member of the law firm of Arnold, Fortas & Porter, and formerly Justice of the Circuit Court of Appeals for the District of Columbia and Assistant Attorney General in charge of the Antitrust Division of the Department of Justice, advised that he had been acquainted with Mr. TAMM for the past 12 years. During the period of time Mr. ARNOLD served as Assistant Attorney General in charge of the Antitrust Division of the Department of Justice he had many official contacts with Mr. TAMM. He stated he had the very highest regard for Mr. TAMM's character, integrity and ability. He stated that he was so impressed with Mr. TAMM that several years ago he had requested Mr. TAMM to serve as his assistant in charge of the Antitrust Division of the Department of Justice. He informed Mr. TAMM has a lawyer's approach to all problems which arise within the Department of Justice and he considers Mr. TAMM exceptionally well qualified for the position of Judge in the District Court.

Mr. JAMES H. ROWE, 3539 Edmonds Street, NW, formerly Administrative Assistant to President ROOSEVELT, and Assistant to the Attorney General, and presently a member of the Commission to Reorganize the Executive Branch of the Government, stated that he and Mr. TAMM grew up together inasmuch as they were raised in the same town in Montana. They were in close contact until the time they went to college and Mr. ROWE always found Mr. TAMM to be of excellent character. He informed in 1942 he served on a committee which was to establish regulations concerning alien enemies who were residing in this country. Other members of that committee were Mr. CHARLES

FAHY, former Solicitor General of the United States, Mr. EDWARD LNNIS, former Assistant Attorney General, and Mr. TAMM. Mr. ROWE stated that of this group of distinguished lawyers Mr. TAMM was as good as any other member of the group, and in considering any problem which faced the committee Mr. TAMM was one of the first to thoroughly analyze all the legal aspects of the problem. Mr. ROWE stated he also had many contacts with Mr. TAMM while serving in the Department of Justice, and he considers Mr. TAMM very well qualified to serve on the bench and one who possesses the necessary legal background for this position. He expressed the opinion that in a short period of time Mr. TAMM would become a distinguished jurist.

Mr. HUGH FAGAN, Dean, Georgetown University Law School, advised that he had been acquainted with Mr. TAMM since 1928 at which time Mr. TAMM transferred to the Georgetown University Law School after having completed one year of legal training at the University of Montana. He informed that Mr. TAMM was granted an LL.B. degree from Georgetown University on June 9, 1930, and made excellent grades at that law school. He further advised Mr. TAMM was awarded second prize for a paper submitted on legal ethics. Dean FAGAN stated he had had many contacts with Mr. TAMM throughout the past 20 years and had found Mr. TAMM to be of excellent character and ability. He stated that he heartily recommends Mr. TAMM for a position of Judge in the District Court and he had spoken very favorably concerning Mr. TAMM to members of the District Bar.

Mr. T. VINCENT QUINN, Assistant Attorney General in charge of the Criminal Division, Department of Justice, advised he had been acquainted with Mr. TAMM by reputation for the past 12 years, personally acquainted for the past five years, and in intimate daily contact with Mr. TAMM for the past year. He stated they have had both social and official contacts, and he has become acquainted with Mr. TAMM's family and friends. Mr. QUINN advised Mr. TAMM is of excellent character and reputation and thoroughly loyal to his duties as Assistant to the Director of the Federal Bureau of Investigation. He informed Mr. TAMM has a keen mind and thrives on hard work. Mr. QUINN stated that Mr. TAMM exercises excellent judgment, and he has the highest respect for the opinions of Mr. TAMM. He informed that Mr. TAMM is very impartial and entirely free from political interference. Mr. QUINN stated he considered Mr. TAMM to be an excellent choice for Judge of the District Court and predicted Mr. TAMM would become a distinguished jurist in a short period of time. He informed Mr. TAMM was graduated from a good law school and was the type of person who would apply himself to acquiring a thorough knowledge of law. He stated he recommended Mr. TAMM highly for the position of Judge in the District Court.

Mr. A. LEVITT VANECH, Assistant Attorney General, Lands Division, Department of Justice, advised he had been acquainted with Mr. TAMM for the past 12 years and during much of that time has been in daily contact with Mr. TAMM. He stated Mr. TAMM has a keen legal mind, takes a lawyer's approach to problems and attacks all problems in a logical manner. He stated

he had observed that Mr. TAMM considers all the legal angles of a problem and is a very able administrator. Mr. VANECH stated that in his opinion Mr. TAMM had had excellent legal experience in both civil and criminal matters and had gained as much or more experience in this line as if he had been in private practice of the law. He informed he considered the nomination of Mr. TAMM for a position of Judge in the District Court to be an outstanding nomination and predicted in a short period of time Mr. TAMM will become a distinguished jurist.

Justice MATTHEW F. MC GUIRE, Associate Justice, United States District Court for the District of Columbia, stated he formerly served as Assistant to the Attorney General and has had many social and business contacts with Mr. TAMM for the past 12 years. He informed from all of his contacts he had found Mr. TAMM to be of excellent character and reputation and he considered Mr. TAMM has the legal ability to handle any position in which he might be called to serve. He informed Mr. TAMM graduated from a good law school and he believed Mr. TAMM will become an able jurist.

Justice ALEXANDER HOLTZOF, Associate Justice, United States District Court for the District of Columbia, advised that he had been acquainted with Mr. TAMM since 1933 and had many official contacts in the Department of Justice with Mr. TAMM since that time. He stated that he was particularly impressed with the keen, trigger-like mind Mr. TAMM possesses and Mr. TAMM has a logical and analytical approach to all problems arising under his jurisdiction. He stated Mr. TAMM has an excellent character and is extremely honest. He informed that Mr. TAMM had a very fine cultural background and expressed the opinion that Mr. TAMM would live up to the highest traditions of the judiciary. He added he considered Mr. TAMM to be well qualified for a position of District Judge and recommended him highly for that position.

Justice HENRY A. SCHWEINHAUT, Associate Justice of the United States District Court for the District of Columbia, advised that he served as official of the Department of Justice for nine years and during that period of time was in constant contact with Mr. TAMM. He stated he considered Mr. TAMM to be a very fine man and added he felt the Attorney General and the President should be congratulated in their nomination of Mr. TAMM to serve as a Judge of the District Court. He informed that he considered Mr. TAMM well qualified for that position, both from the standpoint of character and legal ability. He stated he welcomes Mr. TAMM to the District bench.

Senator BRIEN MC MAHON, United States Senator from Connecticut, advised that he has been acquainted with Mr. TAMM for the past 15 years. Senator MC MAHON stated during a large part of that period of time he served as an official of the Department of Justice and so had many official contacts with Mr. TAMM. He informed he considered Mr. TAMM to be a man of good judgment with character and integrity beyond reproach. Senator MC MAHON further

added that as a co-worker in the Department of Justice he had many conferences with Mr. TAMM and had been particularly impressed with the knowledge of law Mr. TAMM possesses. He informed Mr. TAMM's job of evaluating cases in the Federal Bureau of Investigation had made him an expert in the law of evidence which was so essential for a trial judge to possess. Senator MC LAHON stated he considered the nomination of Mr. TAMM to the position of District Judge to be an excellent selection.

Justice ROBERT H. JACKSON, Justice, United States Supreme Court, advised that during the period of time he served as Attorney General of the United States he had many business contacts with Mr. TAMM during which contacts Mr. TAMM represented the Federal Bureau of Investigation. Justice JACKSON stated he considered Mr. TAMM to have great executive ability and to be of excellent character. He further informed that Mr. TAMM has a keen and impartial mind and it was Justice JACKSON's opinion that Mr. TAMM is qualified for the position of Judge in the District Court. Justice JACKSON stated he had heard some criticism of the nomination of Mr. TAMM because Mr. TAMM is a government man and might be inclined to favor the government in litigation while serving on the bench. Justice JACKSON stated his experience led him to believe that many times former government men are critical of the government while serving on the bench, and he expressed the opinion that Mr. TAMM has a very impartial mind and would not favor the government in litigation.

Justice FRANK MURPHY, Justice, United States Supreme Court, advised that during the period of time he served as Attorney General of the United States he had many official contacts with Mr. TAMM. He informed that during those contacts he had observed that Mr. TAMM was of sterling character, trustworthy, honest, dependable, and a family man. Justice MURPHY stated that many times it is more important for a judge to be of outstanding character than for him to possess years of experience in legal matters. He informed the greatest weaknesses of men being considered for judicial appointments are that they have many strong political ties and associate with questionable people. Justice MURPHY stated Mr. TAMM is free from this criticism and he was certain Mr. TAMM is the type person who would choose friends cautiously. He informed that he considered Mr. TAMM to possess a keen mind and to be qualified for the position of District Judge. Justice MURPHY stated that he was extremely careful in selecting persons to be presented to the President for nomination to judicial appointments when serving as Attorney General, and he is of the opinion that the choice of Mr. TAMM by the President is an excellent selection.

Dear Sir:

Reference is made to the confidential report submitted by Special Agent Frank H. Strong under date of February 10, 1948, reporting the result of investigation in the case of Mr. E. A. Tamm, Departmental Applicant - Judge, District Court.

Particular reference is made to the last paragraph on page two of the investigative report in question wherein it is reported that Mr. James H. Rowe, presently a member of the Commission to Reorganize the Executive Branch of the Government, stated to the investigating agent that he, Mr. Rowe, and Mr. Tamm grew up together inasmuch as they were raised in the same town in Minnesota. For your information, the above statement is incorrect since Messrs. Tamm and Rowe grew up in Montana rather than Minnesota.

The Bureau is particularly concerned regarding such incorrect information being furnished to it and it is desired that this particular matter be brought forcibly to the attention of the investigating agent.

The Bureau does not wish any further contact to be made with Mr. Rowe in connection with this matter.
